GENERAL INFORMATION

The accompanying proxy is solicited on behalf of the Board of Directors of Goodrich Corporation. Our 2004 Annual Meeting of Shareholders will be held at our corporate headquarters, Four Coliseum Centre, 2730 West Tyvola Road, Charlotte, North Carolina at 10:00 a.m. E.S.T. on April 27, 2004.

All shareholders of record of our Common Stock at the close of business on March 8, 2004 are entitled to notice of and to vote at the Annual Meeting. There were 118,472,726 shares outstanding and entitled to vote on such date, and each share is entitled to one vote. There are no cumulative voting rights.

Most shareholders have a choice of voting by proxy over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please refer to your proxy card or the information forwarded by your bank, broker or other holder of record to see which options are available to you. Please be aware that if you vote over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. The Internet and telephone voting facilities for shareholders of record will close at 5:00 p.m. E.S.T. on April 26, 2004.

When you vote by proxy, your shares will be voted according to your instructions. If you sign your proxy card but don't specify how you want your shares to be voted, they will be voted as our Board of Directors recommends. You can revoke your proxy at any time before it is exercised by written notice to our Secretary, timely delivery of a properly executed, later-dated proxy (including an Internet or telephone vote) or voting by ballot at the Annual Meeting. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting.

Proxies for shares of Common Stock will also represent shares held under our Dividend Reinvestment Plan. Proxies will also be considered to be voting instructions to the plan trustees with respect to shares held in accounts under the following plans: Goodrich Corporation Employees Savings Plan; Goodrich Corporation Employees Savings Plan for Wage Employees; Goodrich Corporation Savings Plan for Rohr Employees; Noveon, Inc. Retirement Savings Plan; Noveon, Inc. Retirement Savings Plan for Wage Employees; and Michelin 401(k) Savings Plan. If participants in any such plan also are shareholders of record with the same account information, they will receive a single proxy that will represent all shares. If the account information is different, then the participants will receive separate proxies. We have been advised that voting instructions from plan participants must be received by not later than 5:00 p.m. E.S.T. on April 22, 2004 in order to be included in the final voting instruction tabulation provided to the plan trustees.

We will pay the expense of soliciting these proxies. In addition to using the mails and the Internet, our officers, Directors and employees may solicit proxies personally, by telephone or by facsimile. We will reimburse brokers and others holding shares in their names, or in the names of nominees, for their expenses in sending proxy material to the beneficial owners of such shares and obtaining their proxies. We have retained D.F. King & Co., Inc., 48 Wall Street, New York, New York 10005, to assist us in soliciting proxies from shareholders, including brokers, custodians, nominees and fiduciaries, and will pay that firm fees estimated at \$9,500 for its services, plus the firm's expenses and disbursements.

The approximate date on which we will begin mailing this proxy statement and the accompanying proxy to shareholders is March 12, 2004. Our 2003 Annual Report, including financial statements, is being mailed with this proxy statement to each shareholder of record. An additional copy will be furnished to any shareholder upon request.

This proxy statement and our 2003 Annual Report are available on our Internet site at www.goodrich.com. Most shareholders can elect to view future proxy statements and annual reports over the Internet instead of receiving paper copies in the mail. If you are a shareholder of record, you can choose this option and save us the cost of producing and mailing these documents by checking the appropriate box on your proxy card or by following the instructions provided if you vote over the Internet or by telephone. If you are a shareholder of record and choose to view future proxy statements and annual reports over the Internet, you will receive a proxy card in the mail next year with instructions containing the Internet address to access those documents. If your shares are held through a bank, broker or other holder of record, check the information provided by that entity for instructions on how to elect to view future proxy statements and annual reports over the Internet.

Our principal executive offices are located at Four Coliseum Centre, 2730 West Tyvola Road, Charlotte, North Carolina 28217.

Unless the context otherwise requires, the terms we, our, us, Goodrich and the Company as used herein refer to Goodrich Corporation.

VOTE REQUIRED FOR APPROVAL

The presence, in person or by proxy, of the holders of a majority of the shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. Withheld votes, abstentions and broker non-votes are counted as present and entitled to vote for purposes of constituting a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner.

The eleven nominees for Director receiving a plurality of the votes cast at the Annual Meeting in person or by proxy shall be elected. Withheld votes and broker non-votes are not counted for purposes of the election of Directors.

Ratification of the appointment of independent auditors will be decided by a majority of the votes cast for or against the proposal at the Annual Meeting. Abstentions and broker non-votes are not counted for these purposes.

PROPOSALS TO SHAREHOLDERS

1. ELECTION OF DIRECTORS

One of the purposes of the Annual Meeting is the election of eleven Directors to hold office until the next annual meeting of shareholders in 2005 and until their respective successors are elected and qualified. The eleven nominees for election as a Director are named on the following pages. All of them are now Directors whose terms expire in April 2004.

Richard de J. Osborne, who is currently serving as a Director, will be retiring from our Board of Directors as of the date of the Annual Meeting pursuant to the retirement provisions of our Guidelines on Governance. The Board has not named a nominee to succeed Mr. Osborne.

All nominees have indicated that they are willing to serve as Directors if elected. If any nominee should be unable or unwilling to serve, the proxies will be voted for the election of such person as may be designated by our Board of Directors to replace such nominee.

In accordance with our By-Laws, our Board of Directors has approved a reduction in the number of Directors from twelve to eleven, effective upon the election of Directors at the Annual Meeting.

The Board recommends that you vote FOR the election of these nominees for Director.

For a nomination to be properly brought before an annual meeting of shareholders, the shareholder must have given timely notice thereof in writing to our Secretary. To be timely, the shareholder's notice must have been sent to, and received by, our Secretary at our principal executive offices generally not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. For the 2004 Annual Meeting such notice must have been received between December 16, 2003 and January 15, 2004 and for the 2005 Annual Meeting such notice must be received between December 27, 2004 and January 26, 2005. Each such notice must include:

the number of shares of each class of Goodrich stock owned by such shareholder.

No person nominated by a shareholder at the Annual Meeting is eligible for election as a director unless nominated in accordance with the procedures contained in the By-Laws. See Appendix A for the full text of the relevant section of the By-Laws.

2. RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Review Committee of our Board of Directors has appointed the firm of Ernst & Young LLP, subject to ratification by the shareholders at the Annual Meeting, to audit our accounts with respect to our operations for the year 2004. Should Ernst & Young LLP be unable to perform these services for any reason, the Audit Review Committee will appoint other independent auditors to perform these services.

Representatives of the firm of Ernst & Young LLP, our independent auditors for the most recently completed fiscal year, are expected to be present at the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions from shareholders.

Fees to Independent Auditors for 2003 and 2002

The following is a summary of the fees billed to us by Ernst & Young LLP for professional services rendered for 2003 and 2002:

	2003	2002
	(In millions)	
Audit Fees	\$ 3.9	\$ 4.0
Audit-Related Fees	0.5	2.1
Tax Fees	1.5	3.8
All Other Fees	0.2	0.1
	<u> </u>	<u> </u>
Total Fees	\$6.1	\$10.0
	<u> </u>	<u> </u>

Audit Fees. Audit fees consist of fees billed for professional services rendered for the audit of our financial statements, the review of financial statements included in our Quarterly Reports on Form 10-Q and services that are normally provided by Ernst & Young LLP in connection with statutory and regulatory filings or engagements for those years.

Audit-Related Fees. Audit-related fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under *Audit Fees* above. Audit-related fees included fees for divestiture and acquisition assistance, employee benefit plan audits, and accounting consultation.

Tax Fees. Tax fees consist of fees billed for professional services rendered for tax compliance, tax advice and tax planning. Tax fees included fees for divestiture and acquisition assistance, international tax planning, domestic and foreign tax compliance and global expatriate tax services. A substantial portion of the tax compliance, tax advice and tax planning historically provided by Ernst & Young LLP is being transitioned to another major accounting firm, which accounts in part for the reduction in tax fees billed by Ernst & Young LLP in 2003.

All Other Fees. All other fees consist of fees related to products and services, other than those reported above under *Audit Fees*, *Audit-Related Fees* and *Tax Fees*. All other fees included fees billed for global expatriate administrative services. These services, which were historically provided by Ernst & Young LLP, are being transitioned to another major accounting firm.

None of the services represented by the fees set forth in the above table were provided in accordance with the *de minimus* exception to Audit Review Committee approval that appears in Rule 2-01(c)(7)(i)(C) of Regulation S-X.

Audit Review Committee Pre-Approval Policy

The Audit Review Committee of our Board of Directors must review and pre-approve all audit and non-audit services performed by our independent auditors. In conducting such reviews, the Audit Review Committee will determine whether the provision of such services would impair the auditors' independence. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Review Committee specifically provides for a different period.

Pre-approval fee levels for all services to be provided by the independent auditors are established not less frequently than annually by the Audit Review Committee. In addition, any additional services separately approved by the Audit Review Committee must indicate an approved fee range or limit. Any service exceeding these levels requires separate approval. The Audit Review Committee is furnished with periodic reports identifying the spending for approved services.

Requests or applications to provide services that require pre-approval by the Audit Review Committee are submitted by both the independent auditors and management and must include a joint statement as to whether, in their view, the request or application is consistent with the Securities and Exchange Commission's rules on auditor independence. Detailed back-up documentation must be provided in connection with each request or application.

The Audit Review Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated must report any pre-approval decisions to the Audit Review Committee at its next scheduled meeting. The Audit Review Committee does not delegate its responsibilities to pre-approve services performed by the independent auditors to management.

The full text of the Audit Review Committee pre-approval policy is available on the corporate governance page of our Internet site at www.goodrich.com/governance.

Vote Required

Ratification of the appointment of Ernst & Young LLP as our independent auditors for the year 2004 will be decided by a majority of the votes cast for or against the proposal at the Annual Meeting.

The Board of Directors recommends that you vote FOR ratifying this appointment.

3. OTHER MATTERS

Our Board of Directors knows of no other matters that may properly be presented to the Annual Meeting. If any other matters do properly come before the Annual Meeting, however, the persons appointed in the accompanying proxy intend to vote the shares represented by such proxy in accordance with their best judgment.

GOVERNANCE OF THE COMPANY

Pursuant to the New York Business Corporation Law and our By-Laws, our business is managed under the direction of our Board of Directors. Members of the Board are kept informed of our business through discussions with the Chairman and officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees. In addition, to promote open discussion among our non-management directors, those directors meet in regularly scheduled executive sessions without management participation.

Corporate Governance

Our Board of Directors has a long-standing commitment to sound and effective corporate governance practices. In 1995 the Board adopted its Guidelines on Governance, which address a number of important governance issues including director independence, qualifications for Board membership, mandatory retirement, Board self-assessment and succession planning. In addition, the Board has for many years had in place formal charters setting forth the powers and responsibilities of each of its standing committees.

We have reviewed internally and with our Board of Directors the provisions of the Sarbanes-Oxley Act of 2002, the rules of the Securities and Exchange Commission and the New York Stock Exchange listing standards regarding corporate governance policies and processes. To the extent necessary, we have amended our Guidelines on Governance and committee charters to meet the new requirements.

We maintain a corporate governance page (www.goodrich.com/governance) on our Internet site that includes key information about our corporate governance initiatives, including our Guidelines on Governance, the charters for our standing committees and our Business Code of Conduct.

Business Code of Conduct

In 2003 our Board of Directors adopted our new Business Code of Conduct, which sets forth the fundamental legal and ethical principles for conducting all aspects of our business. The code applies to all directors, officers and employees of our company and its subsidiaries, as well as to agents and representatives doing business on our behalf. Our Business Code of Conduct, together with specific policies and procedures, outlines the behavior expected in carrying out their daily activities within appropriate ethical and legal standards. Our Business Code of Conduct is available on the corporate governance page of our web site at www.goodrich.com/governance. Shareholders may also obtain copies of the Business Code of Conduct by writing to: Secretary, Goodrich Corporation, 2730 West Tyvola Road, Charlotte, North Carolina 28217.

Board of Directors

Our Board of Directors held eight meetings in 2003. All Directors attended more than 75% of the aggregate total number of meetings held in 2003 by the Board and the committees of the Board on which they served.

We typically schedule a Board of Directors meeting in conjunction with our annual meeting of shareholders and expect that our Directors will attend absent a valid reason, such as a schedule conflict. Twelve of the thirteen individuals then serving as Directors attended our 2003 annual meeting of shareholders.

Our non-management Directors meet in regularly scheduled executive sessions without management participation. These sessions are presided over by the Chairman of our Committee on Governance.

Director Independence; Audit Committee Financial Expert

Our Board of Directors has determined that each of our Directors other than Mr. Larsen, and each of the members of our Audit Review Committee, Committee on Governance and Compensation Committee, has no material relationship with Goodrich (other than in his or her position as a Director) and is independent within the meaning of the New York Stock Exchange director independence standards and the director independence standards set forth in our Guidelines on Governance (which reflect exactly the New York Stock Exchange standards).

The Board has also determined that each of the members of our Audit Review Committee is independent for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934, and that at least one of the members of the Audit Review Committee, Mr. DeLoach, is an audit committee financial expert as that term is defined in Item 401(h) of Regulation S-K.

The Board based these determinations primarily on a review of the responses of our Directors to questions regarding education, employment and compensation history, affiliations and family and other relationships and on discussions with the Directors.

Board Committees

Our Board of Directors has established five standing committees: the Executive Committee, the Audit Review Committee, the Compensation Committee, the Committee on Governance and the Financial Policy Committee.

The following table shows the current committee membership and the number of meetings each committee held in 2003.

The following is a brief description of the duties of each committee. A more complete description of each committee's functions is contained in its charter, which is available on the corporate governance page of our Internet site at www.goodrich.com/governance. Copies of the committee charters may be obtained by writing to: Secretary, Goodrich Corporation, 2730 West Tyvola Road, Charlotte, North Carolina 28217. The Audit Review Committee charter is included as Appendix B to this Proxy Statement.

Executive Committee. The Executive Committee acts on behalf of our Board of Directors between regularly scheduled Board meetings. Our Guidelines on Governance state that it is the view of the Board that the Executive Committee will meet only when formal action is necessary

and it is not feasible to convene a special meeting, in person or by telephone, of the full Board.

Audit Review Committee. The Audit Review Committee assists our Board of Directors in its oversight of the integrity of our financial statements, the qualifications and independence of our independent auditors, the performance of our internal audit function and independent auditors, and our compliance with legal and regulatory requirements. This committee has direct responsibility for the selection and appointment of our independent auditors.

Compensation Committee. The Compensation Committee assists and makes recommendations to our Board of Directors regarding employee and executive compensation, and incentive, equity-based and benefit programs, including compensation for our Chief Executive Officer.

Committee On Governance. The Committee on Governance assists our Board of Directors in identifying and recommending individuals to the Board for nomination as Board members, and in reviewing and assessing corporate governance guidelines.

Financial Policy Committee. The Financial Policy Committee assists our Board of Directors in reviewing and monitoring our financial planning and financial structure.

Shareholder Communications with Directors

Shareholders who wish to communicate with our Board of Directors, our non-management Directors as a group or any individual Director can do so by writing to them, c/o Secretary, Goodrich Corporation, 2730 West Tyvola Road, Charlotte, North Carolina 28217. Our Secretary has been instructed by the Board to promptly forward all communications so received to the addressee or addressees.

Director Nominations

Our Board of Directors is responsible for nominating members of the Board and for filling vacancies on the Board that may exist between annual meetings of shareholders. The Board has delegated the screening process for new Directors to the Committee on Governance.

Our Guidelines on Governance state that candidates nominated for election or re-election to our Board of Directors generally should meet the following qualifications:

Candidates should possess broad training and experience at the policy-making level in business, government, education, technology or philanthropy.

Candidates should possess expertise that is useful to us and complementary to the background and experience of other Board members, so that an optimum balance in Board membership can be achieved and maintained.

Candidates should be of the highest integrity, possess strength of character and the mature judgment essential to effective decision-making.

Candidates should be willing to devote the required amount of time to the work of the Board and one or more of its committees.

Candidates should be willing to serve on the Board over a period of several years to allow for the development of sound knowledge of our company and its principal operations.

Candidates should be without any significant conflict of interest or legal impediment with regard to service on the Board.

The Guidelines on Governance state that normally only the Chief Executive Officer should be an employee Director.

When a vacancy exists on the Board, or when the Board determines to add an additional Director, the Committee on Governance seeks out appropriate candidates from various sources,

which may include other Directors as well as consultants and search firms to which we pay fees for their assistance in identifying and evaluating candidates. The Committee on Governance evaluates all candidates on the basis of the above qualifications and other criteria that may vary from time to time.

The Committee on Governance does not have a formal policy on the consideration of director candidates recommended by shareholders. The Board of Directors believes that such a formal policy is unnecessary and that the issue is more appropriately dealt with on a case-by-case basis.

Under our By-Laws, nominations of persons for election to the Board of Directors may be made at an annual meeting of shareholders by any shareholder who complies with the advance notice provisions of our By-Laws. These advance notice provisions are discussed elsewhere in this Proxy Statement under the caption "Election of Directors - Other Nominees".

Compensation of Directors

Annual Retainer and Meeting Fees

During 2003 each of our non-management Directors received an annual retainer of \$50,000, plus \$1,500 for each Board and Board Committee meeting attended, except that the chairperson of a Committee received \$2,500 for each meeting of that Committee attended. Management Directors receive no additional compensation for Board service.

Directors' Deferred Compensation Plan

During 2003, one half of the annual retainer was required to be deferred into a phantom Goodrich share account pursuant to the Directors' Deferred Compensation Plan. The plan provides that amounts deferred into the account are paid out in shares of Common Stock following termination of service as a Director. Dividend equivalents accrue on all phantom shares credited to a Director's account. Directors could elect to defer a portion or all of the remaining annual retainer and meeting fees into the phantom share account.

The Directors' Deferred Compensation Plan was amended in February 2004 to eliminate the mandatory deferral provisions of the plan. As a result, effective February 2004, the full annual retainer and meeting fees will be paid in cash unless the Director elects to make a deferral into the phantom share account.

Directors' Phantom Share Plan

In addition to the annual retainer and meeting fees, each non-management Director receives an annual grant of phantom shares under the Directors' Phantom Share Plan equal in value to the then-current annual retainer. Dividend equivalents accrue on all phantom shares credited to a Director's account. All phantom shares become fully vested at the earlier of five years from the date of grant, upon the Director's termination of Board service after age 55, or upon a change in control of Goodrich as defined in our Stock Option Plan. Following termination of service as a Director, the cash value of the vested number of phantom shares will be paid to each Director in twelve monthly installments. The value of each phantom share is determined on the relevant date by the fair market value of Common Stock (as defined in the plan).

Prior to December 2003, the Directors' Phantom Share Plan provided for a ten-year cap on awards to Directors and permitted only limited participation in the plan by Directors who also participate in the 1982 Directors' Retirement Plan. In December 2003, the Directors' Phantom Share Plan was amended to eliminate those restrictions.

Directors Retirement Plan

Two of our non-management Directors (Messrs. Glasser and Rankin) participate in our 1982 Directors Retirement Plan, which was terminated in 1995. The plan provided that, upon retirement from the Board of Directors after reaching the age of 55 with at least ten years of service as a Director, any non-management Director would be entitled to receive an annual amount equal to the annual retainer in effect at retirement. A retiring Director who had reached age 55 and served for at least five but less than ten years would be entitled to a reduced amount equal to 50% of the annual retainer in effect at retirement, plus 10% of such annual retainer for each additional year of service (rounded to the nearest whole year) up to ten. Under the transition provisions of the plan, Messrs. Glasser and Rankin are entitled to receive an annual amount under the plan equal to 100% and 70%, respectively, of the annual retainer in effect at retirement.

Other

Non-management Directors are reimbursed for actual expenses incurred in the performance of their services as Directors and, in most instances, provided with travel via company-provided private aircraft to Board of Directors and committee meetings. We also maintain \$275,000 in business travel accident insurance coverage for each of these Directors.

During 2003, certain members of Mr. Holland's family accompanied him during his business use of company-provided private aircraft. We estimate that the aggregate incremental cost to us in providing this benefit was approximately \$18,400.

Indemnification; Insurance

We indemnify our Directors and officers to the fullest extent permitted by the New York Business Corporation Law. This is required under our By-Laws, and we have also signed agreements with each of our Directors and some of our officers contractually obligating us to provide this indemnification to them.

As authorized by the New York Business Corporation Law and our By-Laws, we have purchased insurance providing indemnification for Goodrich and its subsidiaries as well as their directors and officers. The insurance is part of a package that includes employment practices, fiduciary and crime insurance coverage. The insurance coverage was written by XL Capital, The Hartford, Royal & Sun Alliance, St. Paul Fire and Marine, Zurich American Insurance, Starr Express and Kemper Insurance Company, commencing June 19, 2001, for a three-year period, at a total premium cost of \$2,861,000.

AUDIT REVIEW COMMITTEE REPORT

The Audit Review Committee reviews Goodrich's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for Goodrich's financial statements and the reporting process, including the system of internal controls.

In this context, the Audit Review Committee has met and held discussions with management and the independent auditors. Management represented to the Audit Review Committee that Goodrich's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Review Committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The independent auditors discussed with the Audit Review Committee the matters required to be discussed by Statement on Auditing Standards No. 61 (*Communication With Audit Committees*).

In addition, the Audit Review Committee received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 (*Independence Discussions With Audit Committees*), and discussed with the independent auditors the auditors' independence from Goodrich and its management. The Audit Review Committee also considered whether the provision of non-audit services to Goodrich is compatible with maintaining the auditors' independence.

The Audit Review Committee discussed with Goodrich's internal and independent auditors the overall scope and plans for their respective audits. The Audit Review Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, the evaluations of Goodrich's internal controls, and the overall quality of Goodrich's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Review Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in Goodrich's Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission. The Audit Review Committee also appointed, subject to shareholder ratification, Goodrich's independent auditors.

COMPENSATION COMMITTEE REPORT

Executive Compensation Philosophy

The Compensation Committee and the Company are committed to the philosophy that pay should be linked to Company performance so that the interests of executives are aligned with those of shareholders.

This philosophy is supported by the following guiding principles for the Company's compensation programs:

A significant portion of pay will be dependent on the Company's annual and long-term performance including growth in shareholder value.

Compensation will include stock-based programs in order to link shareholder and executive interests and to encourage stock ownership by executives.

The Company intends to provide total compensation commensurate with performance—good performance resulting in superior compensation, and poor performance resulting in below average compensation levels—compared to other companies.

The Company's compensation program consists of three elements: annual base salary, annual cash incentive compensation and long-term incentive compensation. To assist it in performing its duties, the Committee meets periodically with its own independent compensation consultant.

Competitive Labor Market

The Compensation Committee establishes compensation programs, in part, on the basis of competitive factors. It considers the pay levels and practices of a group of specific companies employing executives with comparable experience and skills as well as broad-based surveys of large industrial companies. In performing these comparisons, the Committee looks primarily at those companies comprising the different indices used in the cumulative total shareholder performance graph on page 29 of this Proxy Statement.

Base Salary

The Company's base salary policy is intended to ensure that compensation practices are competitive within relevant industries and with major industrial companies. The Compensation Committee believes that the middle of the salary range for Company executives should be at the median base salary of comparable industrial companies. The Committee recommends to the Board of Directors the base salary for the Chairman and Chief Executive Officer and establishes the annual base salary for other Company officers at the level of senior vice president or higher.

Incentive Compensation

Incentive compensation is intended to motivate and retain qualified individuals who have the opportunity to influence Company results significantly and enhance shareholder value. The philosophy for incentive compensation plans is to provide competitive awards when financial objectives are achieved and provide reduced or no awards when the objectives are not achieved. Incentive compensation programs are divided into two types—annual cash bonus and long-term incentive compensation. Generally speaking, the higher an individual's level within the Company, the greater the percentage of his or her potential total compensation is represented by incentive compensation.

For 2003, the performance measures for the Company's annual cash incentive programs were: (a) earnings before interest and taxes, adjusted for special items (Adjusted EBIT) (at

the Company, segment and business unit level); (b) Free Cash Flow (at the Company level) which measures operating cash flow adjusted for cash payments related to special items, less capital expenditures; (c) operating cash flow (at the segment and business unit level); (d) Return on Invested Capital (Adjusted ROIC), defined as net income excluding special items, divided by the average invested capital (at the Company, segment and business unit level); and (e) individual and team goals. The term special items includes merger-related and consolidation costs, certain gains and losses on the sale of businesses, results of discontinued operations, cumulative effect of change in accounting, asset impairment charges and other restructuring costs. Payouts relating to individual and team goals were made only if threshold performance was achieved on at least two financial performance measures at the Company, segment or business unit level, as appropriate for the individual.

The performance measures for the 2003-2005 awards under the Company's Long-Term Incentive Plan were Relative Total Shareholder Return (RTSR), which measures Goodrich stock performance against a peer group of aerospace companies, and Adjusted ROIC (measured at the Company level).

The Committee continues to believe that Adjusted EBIT and Free Cash Flow at the Company level and operating cash flow at the business unit level are appropriate individual components for the annual cash incentive program. The Committee also believes that maintaining an individual and team goal component to support the Company's performance management process is desirable. However, beginning in 2004, the Committee has eliminated Adjusted ROIC from the annual cash incentive program but maintained Adjusted ROIC at the Company level for the Long-Term Incentive Plan. The Committee believes that measuring a return on the Company's average invested capital is more appropriate over a longer period of time rather than as both an annual measure and a long-term measure.

Beginning in 2004, payouts for individual and team goals under the annual incentive program will be made only if threshold performance is achieved on at least one financial performance measure at the Company or business unit level, as appropriate for the individual.

The Committee has also decided beginning in 2004 to measure the Company's segment presidents' annual cash incentive compensation at the Company level only and that its division presidents will be measured 50% at the Company level and 50% at the business unit level. The Committee believes that this change will align the management team's focus on optimizing the overall value of the Company.

Annual Incentive Compensation

An individual's annual cash incentive compensation target under the Company's Management Incentive Plan is expressed as a percentage of his or her salary, with the percentages of salary increasing with the level of the job. Incentive payments can range from 0% to 200% of target, based on the level of performance against the financial objectives.

In 2003, Messrs. Burner and Larsen and seven other executive officers did not participate in the Management Incentive Plan. Instead, they participated in the Senior Executive Management Incentive Plan. For 2003, target annual incentive awards and financial objectives under the plan were established based on the same criteria as the Management Incentive Plan. Incentive payments under the plan can range from 0% to 200% of target, based on the level of performance against the financial objectives.

As noted above, the performance measures used in 2003 in the Company's Management Incentive Plan and Senior Executive Management Incentive Plan were Adjusted EBIT, Free Cash Flow, Adjusted ROIC and individual and team goals. The plan places various weightings on these measures depending upon a participant's role in the Company and his or her scope of

responsibility. For 2003, the performance factors and weightings under these plans were as follows:

Measures	Chief Executive Officer	Senior Corporate Staff	Corporate Staff	Segment Presidents & Staff	Business Unit Presidents & Staff*
Company Adjusted EBIT	30%	27.5%	25%	15%	
Company Free Cash Flow	30%	27.5%	25%	15%	
Company Adjusted ROIC	25%	25%	25%	10%	
Segment Adjusted EBIT				15%	10%
Segment Free Cash Flow				15%	10%
Segment Adjusted ROIC				10%	10%
Business Unit Adjusted EBIT					15%
Business Unit Free Cash Flow					15%
Business Unit Adjusted ROIC					15%
Individual and Team Goals	15%	20%	25%	20%	25%

* Several Business Units use a weighting formula which varies somewhat from the weighting formula set forth in the table above.

Long-Term Incentive Compensation

The Company's long-term incentive compensation awards are made pursuant to the 2001 Stock Option Plan, which was approved by shareholders in April 2001. The 2001 Stock Option Plan is administered by the Compensation Committee and provides for a variety of equity-based forms of incentive compensation such as stock options, restricted stock and phantom performance shares. Historically, the Company's long-term incentive compensation program for senior management has been split into two equal-value components: grants of stock options and grants of phantom performance shares with actual awards being paid in Goodrich common shares. In limited circumstances, the Committee granted restricted stock as part of an employee's long-term incentive compensation. In late 2003 and early 2004, the Compensation Committee and Company management undertook a study to evaluate the appropriateness of the Company's current long-term incentives. The Committee and management considered the dilutive effects of the Company's outstanding stock option grants and reviewed surveys of similar programs at large industrial companies and various aerospace companies. They also reviewed the amount of grants and the number of participants in the Company's various long-term incentive programs as compared to competitive peer data. The Committee also considered recent discussions of the Financial Accounting Standards Board relating to expensing stock options beginning in 2005.

Based on the analysis and report of the Committee's independent consultant, the Committee decided to make certain changes in long-term incentives design beginning January 1, 2004. The Committee has approved the following changes:

1. For the Company's senior management, the long-term incentive value opportunity will be divided such that 40% will be in restricted stock, 30% in stock options and 30% in phantom performance shares. Restricted stock will be granted annually as long as the Company achieves an Adjusted ROIC at or above an appropriate level for the previous year. Restricted stock, once granted, will vest at the rate of 50% after three years, 25% after four years and the balance after five years from the date of grant. If a participant's employment with the Company terminates prior to vesting for any reason other than death, disability or retirement, the unvested shares of Restricted Stock will be forfeited.

2. For the Company's management level below senior management, the long-term incentive value opportunity will be divided such that 70% will be in restricted stock and 30% will be in stock options. The condition for granting restricted stock and the vesting

and forfeiture terms of the restricted stock will be the same as those applicable to restricted stock issued to senior management.

3. Certain other key employees who had previously received grants of stock options will generally receive only restricted stock as their long-term incentive compensation. The vesting and forfeiture terms of the restricted stock will be the same as for senior management.

With respect to selected senior executives, including the persons named in the Summary Compensation Table, the Committee considers the recommendation of the Chief Executive Officer in determining the level of awards of long-term incentive compensation. It also considers its own evaluation of the individuals since the members have ample opportunity to observe their performance. With respect to other executives who receive long-term incentive compensation, the Committee makes the determination of the appropriate awards, but generally considers the recommendation of management in making the specific award within the established guidelines. The Committee has available information as to the level of past awards and individual stock ownership of the executive officers. The factors considered in making the awards for the Chief Executive Officer are discussed below.

Phantom Performance Shares

In 2003, the Committee granted awards of phantom performance shares to 62 executives under the Company Long-Term Incentive Plan (LTIP). The Committee makes awards every year, based on overlapping three-year performance cycles. At the beginning of each three-year cycle, the Committee establishes the performance goals.

For the 2003-2005 LTIP awards, the performance measures used were RTSR and Adjusted ROIC, equally weighted, for all participants.

Grants are credited as phantom Performance Shares in a book account for each participant. Each phantom Performance Share is equivalent to one share of Goodrich common stock. Under the original terms of the grants, participants will be entitled to a payout of a specified number of shares at the end of each Plan cycle only if the threshold performance standard is met. The number of shares to be used in the calculation of the payout will range from 0% to 200% of the total phantom Performance Share account (including shares credited through dividend equivalents), based on the level of performance against the above financial objectives. In January 2004, the Committee approved a change to the outstanding phantom Performance Share grants to allow these prior grants to be paid in cash, rather than Goodrich common stock, upon the consent of participants. Beginning in 2004, all new LTIP grants will provide for payment in cash.

Guidelines establish a target award of Performance Shares with the aggregate market value of the shares awarded based upon a percentage of salary depending upon the individual s position level within the Company the higher the position level the greater the percentage. The determination of whether to make an award is dependent upon the individual s past performance and expectations of future performance.

For the 2004-2006 LTIP awards, the Committee has approved grants of phantom performance shares using RTSR and Adjusted ROIC, equally weighted, for all participants.

Stock Options

The 2001 Stock Option Plan provides that stock options may not be granted at less than 100% of fair market value and that options may not be repriced. The Committee has established a target award for individuals based upon the aggregate exercise price of the options granted as a percentage of salary the higher the salary, the greater the percentage. In 2003, the Committee granted stock options to 312 employees. Prior to 2004, stock options

granted to executive officers were immediately exercisable on the date of grant, while stock options to other employees generally vested uniformly over a three-year period. As a result of the recent study relating to long-term incentive compensation, the Committee has decided that all options granted in 2004 and beyond will vest in equal annual installments over a three-year period.

Restricted Stock

In 2003, a total of 58,603 shares of restricted stock were granted to 16 employees. These grants have a three-year vesting period. Beginning in 2005, grants of restricted stock to certain participants (who also receive a grant of stock options) will be contingent on Adjusted ROIC in the previous year meeting or exceeding a specified threshold level and the shares of restricted stock will have a vesting period of between 3 to 5 years, as described above. Grants of restricted stock to participants who do not receive a grant of stock options will not be subject to the ROIC condition, but will be subject to the same terms regarding vesting and forfeiture.

Stock Ownership Guidelines

The Committee has endorsed a management recommendation establishing stock ownership guidelines for participants in the Long-Term Incentive Plan at a multiple of their base salary. The multiple varies from between .75 to 4 times salary, with the multiple increasing with one level within the Company. Individuals are given five years to achieve the target ownership levels. The Committee is currently reviewing these guidelines, in light of the new long-term incentive design, to ensure that the guidelines remain appropriate.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to the company's chief executive officer or any of the four most highly compensated executive officers. Certain compensation is specifically exempt from the deduction limit to the extent that it does not exceed \$1 million during any fiscal year or is performance based as defined in Section 162(m). The Committee believes that it is generally in the Company's best interests to comply with Section 162(m). The Committee also believes, however, that it must maintain the flexibility to take actions which it deems to be in the best interests of the Company and its shareholders but which may not qualify for tax deductibility under Section 162(m).

Chief Executive Officer

The Board of Directors upon recommendation of the Compensation Committee determines compensation for the Chief Executive Officer.

In recommending base salary for the Chief Executive Officer, the Committee took into account surveys of base compensation of chief executive officers of other major industrial and aerospace companies. The Committee also considered his leadership and key contributions to the overall financial performance of the Company, and the Company's progress towards achieving important strategic objectives. With respect to incentive compensation, the performance guidelines for awards for the Chief Executive Officer and the actual performance targets are the same as for other corporate officers. The Committee and the Board of Directors used the same factors to make these awards as it did in determining the other elements of the Chief Executive Officer's compensation.

David L. Burner served as the Company's Chief Executive Officer until April 15, 2003, when Marshall O. Larsen replaced him in accordance with the Company's succession plan. Mr. Burner continued as the Company's Chairman until his resignation from the Board on October 21,

2003, at which time Mr. Larsen was elected Chairman. Mr. Burner will continue to be employed by the Company until his retirement on April 30, 2004.

Mr. Burner

Effective January 1, 2003, the Compensation Committee recommended, and the Board of Directors set, Mr. Burner's annual base salary at \$1,000,000.

In 2003, Mr. Burner's target annual incentive award and financial objectives under the Senior Executive Management Incentive Plan were established based on the same criteria as the Management Incentive Plan. For 2003 Mr. Burner's target amount under the plan was 100% of base salary, and he received \$772,995, or 77.3% of his target amount.

In 2003, Mr. Burner received options to purchase 181,000 shares. During 2003, Mr. Burner was awarded 53,000 Performance Shares under the 2003-2005 Long-Term Incentive Plan.

Mr. Larsen

Effective January 1, 2003, the Compensation Committee recommended, and the Board of Directors set, Mr. Larsen's annual base salary at \$665,000. His annual base salary was increased to \$775,000 effective April 15, 2003.

In 2003, Mr. Larsen's target annual incentive award and financial objectives under the Senior Executive Management Incentive Plan were established based on the same criteria as the Management Incentive Plan. For 2003 Mr. Larsen's target amount under the plan was 80% of base salary for the period of January 1, 2003 through April 14, 2003 and 100% of base salary for the period of April 15, 2003 through December 31, 2003, and he received \$592,176, or 84.1% of his target amount.

In 2003, Mr. Larsen received options to purchase 200,000 shares. During 2003, Mr. Larsen was awarded 50,000 Performance Shares under the 2003-2005 Long-Term Incentive Plan.

The following table contains information known to us with respect to persons who are the beneficial owner of more than 5% of our Common Stock as of January 31, 2004.

The table does not include information regarding shares of Common Stock held of record, but not beneficially, by the plan trustee under the Goodrich Corporation Employees Savings Plan and other Goodrich defined contribution plans. (1) Options were granted under our stock option plan throughout 2003 with various vesting schedules and expiration dates through the year 2013. The weighted average exercise price of all options granted to optionees in 2003 was \$18.65.

(2) Based on a closing price of \$29.69 per share on December 31, 2003 and a total of 117,725,353 shares of Common Stock outstanding (excluding 14,000,000 shares held by a wholly owned subsidiary).

All options were granted with an exercise price equal to 100% of the Fair Market Value (as defined in the plan) on the date of grant and, in the case of options granted to our elected officers, were immediately exercisable. Options granted to other employees vest in equal annual installments over a three-year period.

The dollar amounts under the potential realizable value column are the result of calculations of assumed annual compound rates of appreciation over the ten-year life of the options in accordance with the proxy regulations of the Securities and Exchange Commission and are not intended to forecast possible future appreciation, if any, of the Common Stock. The actual value, if any, an executive may realize will depend on the excess of the market price of the shares over the exercise price on the date the option is exercised. We did not use an alternative formula for a grant date valuation, as we are not aware of any formula that will determine with reasonable accuracy a present value based on future unknown or volatile factors.

The options granted to our executive officers include limited stock appreciation rights that generally entitle the optionee to elect to receive the appreciation on the option in cash for a 60 day period following a change in control, which generally is deemed to have occurred if (i) any person becomes the beneficial owner of 20% or more of the Common Stock or combined voting power of our outstanding securities (subject to certain exceptions), (ii) during any two-year period there generally has been a change in the majority of our Directors, or (iii) certain corporate reorganizations are approved by our shareholders where the existing shareholders will not retain at least 70% of the voting securities of the surviving entity.

At the end of the performance period, each participant will earn a cash payout only if the threshold performance standard is exceeded. The cash payout to be received will range from 0% to 200% of the value of the total phantom Performance Share account (including shares credited through dividend equivalents), based on the level of performance against the financial objectives.

Retirement Pensions

We have in effect a pension plan for salaried employees that provides pensions payable at retirement to each eligible employee. The plan makes available a pension that is paid from funds provided through contributions by us and contributions by the employee, if any, made prior to 1972. The plan is not available to Directors other than those who are employees. The amount of an employee's pension depends on a number of factors including (i) Final Average Earnings (FAE) for the highest 48 consecutive months of an employee's earnings during the employee's last ten years of service and (ii) years of credited service to the Company.

The following chart shows the annual pension amounts currently available to employees who retire with the combinations of FAE and years of credited service shown in the chart, which should be read in conjunction with the notes following the chart. The current plan formula, which became effective as of January 1, 1989, generally provides a benefit of 1.15% of FAE times all years of pension credit plus 0.45% of FAE in excess of covered compensation times years of pension credit up to 35 years. In addition employees hired prior to January 1, 1990, may receive an additional pension credit of up to 4 years. Benefits become vested after five years of service.

Edgar Filing: GOODRICH CORP - Form DEF 14A

The chart does not include amounts payable to Messrs. Larsen, Burner, Linnert, Schmidt, Grisik and Carmola under a non-qualified supplemental plan that is funded in part with life insurance policies. Under this non-qualified plan, the executives earn an additional benefit equal to 1.6 percent of FAE for each of their first 15 years of participation in the non-qualified plan. As of December 31, 2003, the accrued additional benefits per year were as follows: Mr. Larsen, \$138,586; Mr. Burner, \$428,564; Mr. Linnert, \$60,354; Mr. Schmidt, \$25,905; Mr. Grisik, \$42,791; and Mr. Carmola, \$32,357.

As of December 31, 2003, FAE for Messrs. - (2) In computing the pension amounts shown, it was assumed that an employee would retire at age 65 and elect to receive a five year certain and continuous annuity under the pension plan and that the employee would not elect any of the available survivor options, which would result in a lower annual pension. Pensions are not subject to any deduction for Social Security or any other offset amounts.

Compensation and Benefits Arrangements with Mr. Burner

In accordance with its management succession plan, the Board of Directors elected Mr. Larsen as Chief Executive Officer at its April 15, 2003 meeting. The Board of Directors elected Mr. Larsen to the position of Chairman of the Board at its October 2003 meeting, at which time Mr. Burner resigned his position as a member of the Board of Directors. Mr. Burner continues to be employed by us until his retirement on April 30, 2004.

The Board of Directors has informed Mr. Burner of his compensation and benefits arrangements for the period beginning January 1, 2003 through his retirement on April 30, 2004. During this time period, Mr. Burner's compensation and benefits will remain at 2002 levels. However, he will not be eligible to receive stock option and long-term incentive plan awards in 2004. We will provide him with office space and administrative support outside our headquarters for a period of three years after his retirement.

Management Continuity Agreements

In 1984 we first entered into management continuity agreements (the Agreements) with certain employees, which include all of the current and former executive officers named in the Summary Compensation Table. Presently there are 19 Agreements in effect.

The purpose of the Agreements is to encourage the individuals to carry out their duties in the event of the possibility of a change in control of the Company. The Agreements are not ordinary employment agreements and do not provide any assurance of continued employment unless there is a change in control. They generally provide for a two-year period of employment commencing upon a change in control which generally is deemed to have occurred if (i) any person becomes the beneficial owner of 20% or more of the Common Stock or combined voting power of our outstanding securities (subject to certain exceptions), (ii) during any two-year period there generally has been a change in the majority of our Directors, or (iii) certain corporate reorganizations occur where the existing shareholders do not retain at least 70% of the voting securities of the surviving entity. The Agreements generally provide for the continuation of employment of the individuals in the same positions and with the same responsibilities and authorities that they possessed immediately prior to the change in control and generally with the same benefits and level of compensation, including average annual increases.

If we or our successor terminate the individual's employment for reasons other than cause or the individual voluntarily terminates his or her employment for a good reason (in each case as defined in the Agreements), the individual would be entitled to:

a lump sum cash payment equal to one-twelfth of the individual's annualized base salary in effect immediately prior to termination, multiplied by the number of months in such individual's Payment Period. As used in the Agreement, Payment Period means 36 months in the case of Messrs. Larsen, Burner, Linnert, Schmidt, Grisik and Carmola and six other individuals and 24 months in the case of the other seven individuals;

a lump sum cash payment equal to one-twelfth of the greater of the individual's most recent annual bonus or the individual's target incentive amount under our management incentive program, multiplied by a factor equal to the number of months in the individual's Payment Period;

an accelerated payout of outstanding awards under our Long-Term Incentive Plans;

continuation of all health and welfare benefit plans and programs and all fringe benefit programs, perquisites and similar arrangements during the Payment Period;

a cash payment equal to the sum of the number of stock options in the last annual grant of stock options by us to the individual, multiplied by the number of years in the

Payment Period, multiplied by the calculated market value of our Common Stock on the date of the stock option grant, multiplied by a factor used by us in valuing fully vested stock options with a 10-year life in our most recent Annual Report on Form 10-K for options held by senior executives pursuant to the Black-Scholes method of valuing stock options, or, if such valuation was not made in the Form 10-K, then under the Black-Scholes method assuming options would be outstanding for 10 years; and

in addition to the benefits to which the individual is entitled under the retirement plans or programs in which he or she participates, a lump sum cash payment at retirement in an amount equal to the actuarial equivalent of the retirement pension to which the individual would have been entitled under the terms of such retirement plans or programs had the individual accumulated additional years of continuous service under such plans equal in length to the Payment Period.

The Agreements provide for a tax gross-up for any excise tax due under the Internal Revenue Code for these types of agreements.

Executive Stock Purchase Program

In September 2001 we adopted an Executive Stock Purchase Program (the Program) to encourage direct, long-term ownership of our Common Stock by our senior executives. Under the Program, the executives may use the proceeds of personal full-recourse bank loans to purchase our Common Stock in open market or negotiated transactions with independent parties. Each of the loans has a maturity date of September 30, 2006, with the exception of one loan to a former officer that matures on March 31, 2005. The loans bear interest at a rate equal to the London Interbank Offered Rate for one-month U.S. Dollar deposits (LIBOR) plus 0.50%. We have agreed to guarantee the loans in the event of default, but have recourse to the executives if we incur a loss under the guarantee. Participants in the Program are fully liable for any losses, as well as for the repayment of the loans when they come due. Seven of the ten persons serving as executive officers during 2003 and five other present or former officers participated in the Program in 2003.

The Program was suspended effective August 16, 2002, and no further loans may be made under the Program. None of the loans has been modified since we suspended the Program.

The following table sets forth information regarding these loans.

CUMULATIVE TOTAL SHAREHOLDER PERFORMANCE GRAPH

Set forth below is a line graph showing the yearly percentage change in the cumulative total shareholder return for our Common Stock with the similar returns for the Standard & Poor's 500 Stock Index and the Standard & Poor's 500 Aerospace & Defense Index. Each of the returns is calculated assuming the investment of \$100 in each of the securities on December 31, 1998 and reinvestment of dividends into additional shares of the respective equity securities when paid. The graph plots the respective values on the five single days that are the last trading days of calendar years 1999 through 2003. Past performance is not necessarily indicative of future performance.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16 of the Securities Exchange Act of 1934 requires our Directors and executive officers and persons who own more than ten percent of our Common Stock to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Based solely upon a review of such reports and representations from our Directors and executive officers, we believe that during 2003 all such reports were filed on a timely basis except that, due to a series of administrative oversights, each of Mr. Carmola, Ms. Egnotovich and Mr. Grisik were late in filing a Form 4 to report a restricted stock award, Mr. Larsen was late in filing a

Form 4 to report a stock option award, and each of Ms. Egnotovich, Mr. Grisik and Mr. Schmidt were required to amend a Form 4 to correct a reporting error with respect to the payout of a long-term incentive plan award. The appropriate filings were made by these persons promptly following discovery of the error.

SHAREHOLDER PROPOSALS FOR 2005 ANNUAL MEETING

Under Securities and Exchange Commission rules, if a shareholder wants us to include a proposal in our proxy statement for presentation at the 2005 Annual Meeting, the proposal must be received by us, attention: Office of the Secretary, at our principal executive offices by November 11, 2004. We suggest that such proposals be sent by certified mail, return receipt requested.

Under our By-Laws, the proposal of business that is appropriate to be considered by the shareholders may be made at an annual meeting of shareholders by any shareholder who was a shareholder of record at the time of giving the notice described below, who is entitled to vote at such meeting and who complies with the notice procedures set forth in the By-Laws.

For business to be properly brought before an annual meeting of shareholders, the shareholder must have given timely notice thereof in writing to our Secretary. To be timely, the shareholder's notice must have been sent to, and received by, our Secretary at our principal executive offices generally not less than 90 nor more than 120 days prior to the first anniversary of the preceding year's annual meeting. For the 2004 Annual Meeting such notice must have been received between December 16, 2003 and January 15, 2004 and for the 2005 Annual Meeting such notice must be received between December 27, 2004 and January 26, 2005. Each such notice must include:

for each matter, a brief description thereof and the reasons for conducting such business at the annual meeting;

the name and address of the shareholder proposing such business as well as any other shareholders believed to be supporting such proposal;

the number of shares of each class of Goodrich stock owned by such shareholders; and

any material interest of such shareholders in such proposal.

See Appendix A for the full text of the relevant section of the By-Laws.

This notice requirement applies to matters being brought before the meeting for a vote. Shareholders, of course, may and are encouraged to ask appropriate questions at the meeting without having to comply with the notice provisions.

BY-LAWS

ARTICLE I, SECTION 10

SECTION 10.(A) *Annual Meetings of Shareholders.* (1) Nominations of persons for election to the Board of Directors of the Company and the proposal of business to be considered by the shareholders may be made at an annual meeting of shareholders (a) pursuant to the Company's notice of meeting, (b) by or at the direction of the Board of Directors or (c) by any shareholder of the Company who was a shareholder of record at the time of giving of notice provided for in this By-Law, who is entitled to vote at the meeting and who complied with the notice procedures set forth in this By-Law.

(2) For nominations or other business to be properly brought before an annual meeting by a shareholder pursuant to clause (c) of paragraph (A)(1) of this By-Law, the shareholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a shareholder's notice shall be delivered to the Secretary at the principal executive offices of the Company not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced by more than 30 days or delayed by more than 60 days from such anniversary date, notice by the shareholder to be timely must be so delivered not earlier than the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Such shareholder's notice shall set forth (a) as to each person whom the shareholder proposes to nominate for election or reelection as a director, the name, age, principal occupations and employment during the past five years, name and principal business of any corporation or other organization in which such occupations and employment were carried on, a brief description of any arrangement or understanding between such person and any other person(s) (naming such person(s)) pursuant to which he was or is to be selected as a nominee, and the written consent of such person(s) to serve as a director if elected; (b) as to any other business that the shareholder proposes to bring before the meeting, a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest in such business of such shareholder and the beneficial owner, if any, on whose behalf the proposal is made; (c) as to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such shareholder, as they appear on the Company's books, of such beneficial owner and any other shareholders believed by such shareholder to be supporting such nominee(s) or other business and (ii) the class and number of shares of the Company which are owned beneficially and of record by such shareholder, such beneficial owner and any other shareholders believed by such shareholder to be supporting such nominee(s) or other business.

(3) Notwithstanding anything in the second sentence of paragraph (A)(2) of this By-Law to the contrary, in the event that the number of directors to be elected to the Board of Directors of the Company is increased and there is no public announcement naming all of the nominees for Director or specifying the size of the increased Board of Directors made by the Company at least 70 days prior to the first anniversary of the preceding year's annual meeting, a shareholder's notice required by this By-Law shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Company not later than the close of business on the 10th day following the day on which such public announcement is first made by the Company.

(B) *Special Meetings of Shareholders.* Only such business shall be conducted at a special meeting of shareholders as shall have been brought before the meeting pursuant to the Company's notice of meeting. Nominations of persons for election to the Board of Directors may be made at a special meeting of shareholders at which directors are to be elected pursuant to the Company's notice of meeting (a) by or at the direction of the Board of Directors or (b) provided that the Board of Directors has determined that directors shall be elected at such special meeting, by any shareholder of the Company who is a shareholder of record at the time of giving of notice provided for in this By-Law, who shall be entitled to vote at the meeting and who complies with the notice procedures set forth in this By-Law. In the event the Company calls a special meeting of shareholders for the purpose of electing one or more directors, any such shareholder may nominate a person or persons (as the case may be), for election to such position(s) as specified in the Company's notice of meeting, if the shareholder's notice required by paragraph (A)(2) of this By-Law shall be delivered to the Secretary at the principal executive offices of the Company not earlier than the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the 10th day following the day on which public announcement is first made of the date of the special meeting and of the nominees proposed by the Board of Directors to be elected at such meeting.

(C) *General.* (1) Only such persons who are nominated in accordance with the procedures set forth in this By-Law shall be eligible to serve as directors and only such business shall be conducted at a meeting of shareholders as shall have been brought before the meeting in accordance with the procedures set forth in this By-Law. The Chairman of the meeting shall have the power and duty to determine whether a nomination or any business proposed to be brought before the meeting was made in accordance with the procedures set forth in this By-Law and, if any proposed nomination or business is not in compliance with this By-Law, to declare that such defective proposal shall be disregarded.

(2) For purposes of this By-Law, public announcement shall mean disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the Company with the Securities and Exchange Commission pursuant to Sections 13, 14 or 15(d) of the Securities Exchange Act of 1934, as amended (the Exchange Act).

(3) Notwithstanding the foregoing provisions of this By-Law, a shareholder shall also comply with all applicable requirements of the Exchange Act and the rules and regulations thereunder with respect to the matters set forth in this By-Law. Nothing in this By-Law shall be deemed to affect any rights of shareholders to request inclusion of proposals in the Company's proxy statement pursuant to Rule 14a-8 under the Exchange Act.
