CERTAIN DEFINITIONS

Except where the context suggests otherwise, we, us, our, and the Company refer to Catalyst Pharmaceutical Partners, Inc.

THE COMPANY

We are a development-stage biopharmaceutical company focused on the acquisition, development and commercialization of prescription drugs for the treatment of drug addiction and obsessive compulsive disorders. Our initial product candidate is CPP-109, which is our version of vigabatrin.

The successful development of CPP-109 or any other product we may develop, acquire, or license is highly uncertain. We cannot reasonably estimate or know the nature, timing, or estimated expenses of the efforts necessary to complete the development of, or the period in which material net cash inflows are expected to commence due to the numerous risks and uncertainties associated with developing, such products, including the uncertainty of:

the scope, rate of progress and expense of our clinical trials and our other product development activities;

the results of future clinical trials, and the number of clinical trials (and the scope of such trials) that will be required to seek and obtain approval of a new drug application, or NDA, for CPP-109; and

the expense of filing, prosecuting, defending and enforcing any patent claims and other intellectual property rights.

Our principal executive offices are located at 355 Alhambra Circle, Suite 1370, Coral Gables, Florida 33134. Our telephone number is (305) 529-2522. Our website is <http://www.catalystpharma.com>. The information contained in, or that can be accessed through, our website is not a part of this prospectus.

Recent Developments

U.S. Phase II clinical trial for cocaine addiction

During July 2007, we initiated a randomized, double-blind, placebo-controlled U.S. Phase II clinical trial evaluating the use of CPP-109 in treating patients with cocaine addiction. We estimate that the cost of this trial will be approximately \$6,000,000.

Table of Contents

The trial is expected to enroll 180 cocaine addicted patients at not less than 11 addiction treatment clinical centers in the United States. Patients will be treated for a period of 12 weeks, with an additional 12 weeks of follow-up. The primary endpoint of the trial is to demonstrate that a larger proportion of CPP-109-treated subjects than placebo-treated subjects will be cocaine-free during their last two weeks of treatment (weeks 11 and 12). Additionally, we will be measuring several secondary endpoints based on reductions of cocaine use and craving. To be eligible to participate in this trial, participants must meet specific clinical standards for cocaine dependence, as specified in DSM-IV, a set of diagnosis guidelines established for clinical professionals. Additionally, trial participants cannot meet the DSM-IV criteria for dependence on most other addictive substances. Further, eye safety studies will be conducted on all trial participants before and after the trial to determine the extent of visual field defects that may occur as a result of the trial among such participants, if any. We began enrolling patients in our trial in January 2008 after the protocol for our trial was accepted by the U.S. Food and Drug Administration (FDA). Based on currently available information, we expect to have initial top-line results from this trial in the fourth quarter of 2008. However, the date we obtain the results from our study will ultimately depend on the timing of patient enrollment into our study, which cannot be predicted with absolute certainty. Additional information about our trial can be found at www.clinicaltrials.gov.

U.S. Phase II clinical trial for methamphetamine addiction

We expect to initiate during the second quarter of 2008 a 180 patient randomized, double-blind, placebo-controlled U.S. Phase II clinical trial evaluating the use of CPP-109 in treating patients with methamphetamine addiction. This trial will be similar to our cocaine trial. We currently estimate that the cost of this trial will be approximately \$5,900,000. Based on currently available information, we expect to have initial top-line results from this trial during the third quarter of 2009.

Table of Contents

Contemplated pilot clinical trials

We hope to initiate during 2008 a Phase II clinical trial evaluating CPP-109 for the treatment of binge eating disorder or BED. BED, which impacts a subset of the obese population, affects approximately four million people in the United States. We are also contemplating and hope to launch during 2008 additional Phase II proof-of-concept trials evaluating the use of CPP-109 for the treatment of other addictions, including alcohol and nicotine.

Discussions with strategic partners

We have had in the past, and expect to continue to have in the future, discussions with potential strategic partners interested in working with us on the development of CPP-109. No agreements have been entered into to date with any potential strategic partners.

RISK FACTORS

Before making an investment decision, you should carefully consider the risks described under Risk Factors in the applicable prospectus supplement and in our most recent Annual Report on Form 10-K, or any updates in subsequent Quarterly Reports on Form 10-Q, together with all of the other information appearing in this prospectus or incorporated in this prospectus by reference and any applicable prospectus supplement, in light of your particular investment objectives.

PLAN OF DISTRIBUTION

The purpose of this prospectus is to permit each selling stockholder and his or her pledgees, donees, transferees and other successors in interest (all of whom may be selling stockholders for purposes of this prospectus) to offer and resell all or a portion of the shares the selling stockholders have acquired pursuant to the stock option agreements. The selling stockholders may also choose to dispose of all or a portion of the shares of common stock covered by this prospectus by gift to a third party or as a donation to a charitable or other nonprofit entity.

The sale of the common stock by any selling stockholder, including any donee, pledgee or other transferee who receives common stock from a selling stockholder, may be effected from time to time by selling shares directly to purchasers or to or through broker-dealers. In connection with any such sale, any such broker dealer may act as agent for the selling stockholder or may purchase from the selling stockholder all or a portion of the common stock as principal, and sales may be made pursuant to any of the methods described below. These sales may be made on any securities exchange on which our common stock is then traded, in the over-the-counter market, in negotiated transactions or otherwise at prices and at terms then prevailing or at prices related to the then current market prices or at prices otherwise negotiated.

The common stock may also be sold in one or more of the following transactions:

- block transactions (which may involve crosses) in which a broker dealer may sell all or a portion of such securities as agent but may position and resell all or a portion of the block as principal to facilitate the transaction;

- purchases by a broker dealer, as principal, and resale by such broker dealer for its own account pursuant to a prospectus supplement;

- a special offering, an exchange distribution or a secondary distribution in accordance with applicable rules promulgated by the National Association of Securities Dealers, or stock exchange rules;

- ordinary brokerage transactions and transactions in which a broker dealer solicits purchasers;

- sales at the market to or through a market maker or into an existing trading market, on an exchange or otherwise, for such securities; and

- sales in other ways not involving market makers or established trading markets, including direct sales to purchasers.

In effecting sales, broker-dealers engaged by a selling stockholder may arrange for other broker-dealers to participate. Broker-dealers may receive commissions or other compensation from the selling stockholder in the form of commissions, discounts or concessions. Broker-dealers may also receive compensation from purchasers of the common stock for whom they act as agents or to whom they sell as principals or both. Compensation as to a particular broker dealer will be in amounts to be negotiated. The selling stockholders do not expect these commissions and discounts to exceed what is customary in the type of transactions involved. No such broker dealer will receive compensation in excess of that permitted by the rules of the Financial Industry Regulatory Authority, or FINRA. In no event will any broker dealer receive total compensation in excess of the maximum amount allowed by FINRA.

The distribution of the common stock covered by this prospectus also may be effected from time to time in one or more underwritten transactions at a fixed price or prices that may be changed, or at

Table of Contents

market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. Any such underwritten offering may be on a best efforts or a firm commitment basis. In connection with any underwritten offering, underwriters or agents may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or from purchasers of the common stock. Underwriters may sell the common stock to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

The selling stockholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriters or broker-dealers regarding the sale of their common stock covered by this prospectus, nor is there any underwriter or coordinating broker dealer acting in connection with the proposed sale of common stock by the selling stockholders pursuant to this prospectus. We will file a supplement to this prospectus, if required, under Rule 424(b) under the Securities Act that will include any material information with respect to the plan of distribution not previously disclosed or any material change in such information. This supplement will disclose, among other information:

- the names of the selling stockholders and of participating broker dealer(s);
- the amount of common stock involved;
- the price at which the common stock is to be sold;
- the commissions paid or the discounts or concessions allowed to the broker dealer(s), where applicable;
- that the broker dealer(s) did not conduct any investigation to verify the information set out or incorporated by reference in the prospectus; and
- other facts material to the transaction.

The selling stockholders and any underwriters, or broker-dealers or agents that participate in the distribution of the common stock covered by this prospectus may be deemed to be underwriters within the meaning of Section 2(a)(11) of the Securities Act, and any profit on the sale of the common stock by them and any discounts, commissions or concessions received by any such underwriters, dealers or agents may be deemed to be underwriting discounts and commissions under the Securities Act. Because the selling stockholders may be deemed to be underwriters under the Securities Act, the selling stockholders will be subject to the prospectus delivery requirements of the Securities Act.

We will not receive any of the proceeds from the sale of the shares covered by this prospectus. We are paying the expenses incurred in registering the shares of common stock covered by this prospectus and preparing this prospectus, but all selling and other expenses, including but not limited to any discounts, commissions and applicable transfer taxes, incurred by each selling stockholder will be borne by that selling stockholders.

The selling stockholders may agree to indemnify any agent, dealer or broker dealer that participates in a transaction involving the sale of shares of common stock covered by this prospectus against certain liabilities, including liabilities arising under the Securities Act.

From time to time, the selling stockholders may pledge their common stock pursuant to the margin provisions of their customer agreements with their brokers. Upon default by a selling stockholder,

Table of Contents

the broker may offer and sell such pledged common stock from time to time. Upon a sale of the common stock, the selling stockholders intend to comply with the prospectus delivery requirements under the Securities Act by delivering a prospectus to each purchaser in the transaction. We intend to file any amendments or other necessary documents in compliance with the Securities Act that may be required in the event the selling stockholders default under any customer agreement with brokers.

We have informed the selling stockholders that the anti manipulative provisions of Regulation M promulgated under the Exchange Act, may apply to their sales in the market.

In order to comply with the securities laws of certain states, if applicable, the common stock covered by this prospectus may be sold only through registered or licensed broker-dealers.

The selling stockholders may resell all or a portion of the shares of common stock covered by this prospectus in open market transactions in reliance upon Rule 144 (as in effect at the time of sale) under the Securities Act, provided they meet the criteria and conform to the requirements of such rule. In addition, in accordance with General Instruction C to Form S-8, shares of common stock to be offered or resold by means of this prospectus by a selling stockholder may not exceed, during any three month period, the amount specified in Rule 144(e) under the Securities Act.

Item 6. Indemnification of Directors and Officers.

Section 145 of the Delaware General Corporation Law (the "DGCL") provides that a corporation may indemnify directors and officers as well as other individuals against expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with any

threatened, pending or completed actions, suits or proceedings in which such person is made a party by reason of such person being or having been a director, officer, employee or agent to the Registrant. The DGCL provides that Section 145 is not exclusive of other rights to which those seeking indemnification may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

Article VII of the Company's Certificate of Incorporation provides that no director of the Company shall be personally liable to the Company or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach by a director of the duty of loyalty to the Company or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for violations of Section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. The Certificate of Incorporation further provides that any amendment of the DGCL that authorizes corporate action further eliminating or limiting the personal liability of directors, the liability of a director of the Company shall be eliminated or limited to the fullest extent as permitted by the DGCL, as amended.

Article VI of the By-Laws of the Company (the Bylaws) provides that the Company shall indemnify and hold harmless, to the fullest extent permitted by applicable law as it presently exists or may hereafter be amended, any person (a Covered Person) who was or is threatened to be made a party or is otherwise involved in any action, suit or proceeding, whether civil, criminal, administrative or investigative (a proceeding) by reason of the fact that he or she, or a person for whom he or she is the legal representative, is or was a director or officer of the Company, is or was serving at the request of the Company as a director, officer, employee or agent of another corporation or partnership, joint venture, trust, enterprise or nonprofit entity, including service with respect to employee benefit plans, against all liability and loss suffered and expenses (including attorneys' fees) reasonably incurred by such Covered Person. The Company is further required to indemnify a Covered Person in connection with a proceeding commenced by such Covered Person only if the commencement of such proceeding by the Covered Person was authorized in the specific case by the Board of Directors of the Company.

The Bylaws provide that the Company shall, to the fullest extent not prohibited by applicable law, pay the expenses (including attorneys' fees) incurred by a Covered Person in defending any proceeding in advance of its final disposition, provided, however, that to the extent required by law, such payment of expenses in advance of the final disposition of the proceeding shall be made only upon receipt of an undertaking by the Covered Person to repay all amounts advanced if it is ultimately determined that the Covered Person is not eligible to be repaid under Article VI of the Bylaws or otherwise.

The Bylaws provide that if a claim for indemnification (following the final disposition of such action, suit or proceeding) or advancement of expenses under the Bylaws is not paid in full within thirty days after a written claim therefor by the Covered Person has been received by the Company, the Covered Person may file suit to recover the unpaid amount of such claim, and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action the Company shall have the burden of proving that the Covered Person is not entitled to the requested indemnification or advancement of expenses under applicable law.

The Bylaws provide that the rights conferred on any person under Article VI thereof shall not be exclusive of any other rights which such Covered Person may have or thereafter acquire under any statute, provision of the Certificate of Incorporation, the Bylaws, agreement, vote of stockholders or disinterested directors or otherwise.

Table of Contents

The Bylaws provide that the Company's obligation, if any, to indemnify or to advance expenses to any Covered Person who was or is serving at its request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust, enterprise or nonprofit entity shall be reduced by the amount such Covered Person may collect as indemnification or advancement of expenses from such other corporation, partnership, joint venture, trust, enterprise or non-profit enterprise.

The Bylaws provide that any repeal or modification of the provisions of Article VI thereof shall not adversely affect any right or protection thereunder of any Covered Person in respect of any act or omission occurring prior to the time of such repeal or modification.

The Bylaws provide that indemnification under Article VI thereof shall not limit the right of the Company, to the extent and in the manner provided by law, to indemnify and to advance expenses to persons other than Covered Persons when and as authorized by appropriate corporate action.

Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, is permitted to directors and officers of the Company pursuant to the above statutory provisions, the Company understands that the Securities and Exchange Commission is of the opinion that such indemnification contravenes federal public policy as expressed in said act and therefore is unenforceable.

Item 9. Undertakings.

The undersigned registrant hereby undertakes:

1. To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - a. To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - b. To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement.
 - c. To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; Provided however, that paragraphs (a)(1)(a) and (a)(1)(b) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.
2. That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the

securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

3. To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
4. The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
5. Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
