PROXY STATEMENT

**Annual Meeting of Stockholders
To Be Held on Tuesday, April 25, 2006**

The Board of Directors of First Community Bancshares, Inc. (the Corporation) solicits the enclosed proxy for use at the Annual Meeting of Stockholders of the Corporation (the Annual Meeting), which will be held on Tuesday, April 25, 2006, at 3:00 p.m. local time at The Corporate Offices of First Community Bancshares, Inc., 29 College Avenue., Bluefield, Virginia, and at any adjournment thereof.

The expenses of the solicitation of the proxies for the Annual Meeting, including the cost of preparing, assembling and mailing the notice, proxy statement and return envelopes, the handling and tabulation of proxies received, and charges of brokerage houses and other institutions, nominees or fiduciaries for forwarding such documents to beneficial owners, will be paid by the Corporation. In addition to the mailing of the proxy material, solicitation may be made in person, by telephone or by other means by officers, directors or regular employees of the Corporation.

This Proxy Statement and the proxies solicited hereby are being first sent or delivered to stockholders of the Corporation on or about March 21, 2006.

Voting

Shares of common stock (par value \$1 per share) (Common Stock) represented by proxies in the accompanying form, which are properly executed and returned to the Corporation, will be voted at the Annual Meeting in accordance with the stockholder's instructions contained therein. In the absence of contrary instructions, shares represented by such proxies will be voted FOR the election of the nominees as described herein under Election of Directors.

Any stockholder has the power to revoke his proxy at any time before it is voted. A proxy may be revoked at any time prior to its exercise by the filing of written notice of revocation with the secretary of the Corporation, by delivering to the Corporation a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. However, if you are a stockholder whose shares are not registered in your own name, you will need additional documentation from your record holder to vote personally at the Annual Meeting.

The Board of Directors has fixed March 7, 2006 as the record date for stockholders entitled to notice of and to vote at the Annual Meeting. Shares of Common Stock outstanding on the record date are entitled to be voted at the Annual Meeting and the holders of record will have one vote for each share so held in the matters to be voted upon by the stockholders. Shareholders of the Corporation do not have cumulative voting rights.

The presence in person or by proxy of a majority of the shares of the Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. Directors are elected by a plurality of the votes cast with a quorum present. The three persons who receive the greatest number of votes of the holders of Common Stock represented in person or by proxy at the Annual Meeting will be elected directors of the Corporation. Abstentions are considered in determining the presence of a quorum but will not affect the vote required for the election of directors. All of the proposals for consideration at the Annual Meeting are considered discretionary items upon which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions.

As of the close of business on March 7, 2006, the outstanding shares of the Corporation consisted of 11,229,852 shares of Common Stock.

other expenses incurred for attendance at Board or committee meetings. Directors who are employees of the Corporation receive no compensation for service on the Board or its committees.

In addition, non-employee directors of the Corporation participate in the 2001 Directors' Stock Option Plan (the Directors' Option Plan). Meeting Attendance

The Board of Directors held twelve meetings during 2005. All directors attended at least 75% of all meetings of the Board and any committee of which they were members. The Audit Committee, which operates under a Board approved charter, held ten meetings during 2005, reviews and acts on reports to the Board with respect to various auditing and accounting matters, the scope of the audit procedures and the results thereof, the internal accounting and control systems of the Corporation, the nature of service performed for the Corporation by and the fees to be paid to the independent Registered Public Accounting Firm, the performance of the Corporation's independent Registered Public Accounting Firm and internal auditors and the accounting practices of the Corporation. The Audit Committee is responsible for the appointment of the Independent Registered Public Accounting Firm. The 2005 Report of the Audit Committee is presented beginning on page 10 of this Proxy Statement.

Hamner, Modena, and Stafford, II. All of the members of the Compensation Committee are independent. On June 15, 2004, the Board of Directors had assumed the duties of the former Compensation Committee, which prior to that date consisted of Directors Hamner, Modena and Stafford, II. The Compensation Committee is responsible for the review and consideration of the form and amount of compensation and contractual employment terms of the President and Chief Executive Officer of the Corporation, the review of compensation of other executive officers and the review of stock-based compensation plans and various non-qualified compensation and retirement programs maintained by the Corporation. Transactions with Directors and Officers

Some of the directors and officers of the Corporation and members of their immediate families are at present, as in the past, customers of the Corporation's subsidiary bank, and have had and expect to have transactions with the bank. In addition, some of the directors and officers of the Corporation are, as in the past, also officers of or partners in entities that are customers of the bank and have had and expect to have transactions with the bank. Such transactions were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and did not involve more than normal risk of collectibility or present other unfavorable features.

Total payments of \$247,000 were made to Fredeking/Stafford Construction Company the general contractor for these projects. The son of Mr. Stafford and the brother of Mr. Stafford, II, is a preferred shareholder of Fredeking/Stafford Construction Company. Report on Executive Compensation

The Compensation Committee of the Board of Directors establishes and manages employment terms and the form and levels of compensation paid to the President and Chief Executive Officer (CEO). The Compensation Committee also periodically reviews the compensation of the other named executive officers, subject to primary salary administration for these officers by the CEO.

Other responsibilities of the Compensation Committee include the development of proposed contractual terms of employment and establishment of a framework for a competitive compensation package for the CEO and long-term compensation programs for all executive officers that adequately reward performance and provide incentives for retention. In carrying out its responsibilities, the Compensation Committee considers: i) the need to retain competent and effective management personnel; ii) competitive terms and levels of compensation relative to other companies of comparable size and operation within the commercial banking industry; iii) past performance of the CEO and other executive officers as measured against predetermined goals and objectives; and iv) the achievement of overall corporate goals.

In review of cash compensation of the CEO for the 2005 fiscal year, the Board of Directors awarded a merit increase which resulted in a total increase in base compensation from \$325 thousand to \$350 thousand annually. This salary adjustment was effective January 1, 2005.

In 2005 there were no recommended changes in the employment contract of the CEO. The CEO employment contract is for a three year term and renews annually. The contract provides for salary continuation for a period of 35 months in the event of termination within three years of a change in control of ownership. The contract also provides for salary continuation for a period of 30 months in the event of termination without cause, absent a change in control of ownership.

For 2005 the Board of Directors considered the performance of the CEO against pre-determined performance objectives and established operating budgets for the Corporation which served as the basis for their recommendation of an annual bonus to the Corporation's CEO. The actual bonus payment to the CEO in the second quarter of 2005 was \$25,000, based on a performance review for the 2004 fiscal year.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee is an officer or employee of the Corporation and no such member or executive officer of the Corporation has a relationship that would constitute an interlocking relationship with executive officers or directors of another public company.

Report of the Audit Committee

The Audit Committee of the Board is responsible for providing independent, objective oversight of the Corporation's accounting functions, financial reporting process, and internal controls.

The responsibilities of the Audit Committee include the appointment of an Independent Registered Public Accounting Firm to be engaged as the Corporation's independent auditors for the purpose of performing an audit of the Corporation's financial statements, expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted within the United States, and expressing an opinion on the effectiveness of the Corporation's internal control over financial reporting. Additionally, and as appropriate, the Audit Committee reviews, evaluates, discusses, and consults with management, internal audit personnel, and the independent registered public accounting firm regarding the following:

the plan for, and Independent Registered Public Accounting Firm's report on, each audit of the Corporation's financial statements;

the Corporation's financial disclosure documents, including all financial statements and reports sent to shareholders

changes in the Corporation's accounting practices, principles, controls or methodologies, or in its financial statements;

significant developments in accounting rules;

the effectiveness of the Corporation's internal accounting controls, and accounting, financial and auditing personnel; and,

the establishment and maintenance of an environment at the Corporation that promotes ethical behavior

The Audit Committee Charter incorporates standards set forth in Securities and Exchange Commission regulations and the listing standards of the National Association of Securities Dealers. After appropriate review and discussion, the Audit Committee determined that the Committee fulfilled its responsibilities under the Audit Committee Charter in 2005.

The Audit Committee is responsible for recommending to the Board whether the Corporation's financial statements be included in its annual report. The Committee held ten meetings during the fiscal year 2005 and took a number of steps in making the Independent Registered Public Accounting Firm recommendation. First, the Audit Committee discussed with its Independent Registered Public Accounting firm those matters the firm communicated to and discussed with the Audit Committee under applicable auditing standards, including information regarding the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed the Independent Registered Public Accounting Firm's independence with that firm and received a letter from the Independent Registered Public Accounting Firm concerning independence as required under applicable

Table of Contents

independence standards for auditors of public companies. This discussion and disclosure informed the Audit Committee of the Independent Registered Public Accounting Firm's independence, and assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed with the Corporation's management and the Independent Registered Public Accounting Firm, the Corporation's audited consolidated balance sheet at December 31, 2005, and consolidated statement of income, cash flows and stockholders' equity for the year then ended. Based on discussions with the independent registered public accounting firm concerning the audit, the independence discussions, the financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board (and the Board approved) that these financial statements be included in the Corporation's 2005 Annual Report to Shareholders and incorporated by reference in its Annual Report on Form 10-K filed with the Securities and Exchange Commission.

Tax Fees		

Fees for audit services include fees associated with the annual audit of the Corporation's financial statements and management's assessment of internal controls over financial reporting, the reviews of the Corporation's quarterly reports on Forms 10-Q and annual report on Form 10-K, review of other documents filed with the Securities and Exchange Commission and required statutory audits. Audit related fees primarily include fees paid for certain accounting consultations. As indicated above, no fees were paid related to tax or any other services. All services described above were approved by the Audit Committee.

Pre-Approval Policies and Procedures

The Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services, and other services performed by the Independent Registered Public Accounting Firm. The policy provides for pre-approval by the Audit Committee of specified audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, the Audit Committee must approve the permitted service before the Independent Registered Public Accounting Firm is engaged to perform it. The Audit Committee has delegated to the Chair of the Audit Committee authority to approve permitted services provided that the Chair reports any decisions at its next scheduled meeting.

This report shall not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, unless the Corporation specifically incorporates this report by reference, and shall not otherwise be deemed filed under the Securities Act or the Exchange Act.

Stock Options

In 1999, the Corporation instituted a Stock Option Plan (the Plan) to encourage and facilitate investment in the Common Stock of the Corporation by key executives and to assist in the long-term retention of service by those executives. The Plan covers key executives as determined by the Corporation's Board of Directors from time to time. Options under the Plan were granted in the form of non-statutory stock options with the aggregate number of shares of common stock available for grant under the Plan set at 332,750 shares. Total options granted under the Plan at December 31, 2005 represent the right to acquire an aggregate of 268,320 shares. Under the Plan, an optionee is deemed to have been granted options in five annual installments on January 1 of each year beginning January 1, 1999 through January 1, 2003. All stock options granted pursuant to the Plan vest ratably on the first through the seventh anniversary dates of the deemed grant date. The option price of each stock option is equal to the fair market value of the Corporation's Common Stock on the date of each deemed grant during the five-year grant period. Vested stock options granted pursuant to the Plan are exercisable for a period of five years after the date of the grantee's retirement (provided retirement occurs at or after age 62), disability, or death. If employment is terminated other than by retirement at or after age 62, disability, or death, vested options must be exercised within 90 days after the effective date of termination. Any option not exercised within such period will be deemed cancelled.

In the event of a change of control or upon dissolution of the Corporation, the stock options granted under the Plan continue to vest and are exercisable in accordance with the terms of the original grant. Change of control provisions further provide that any optionee who is terminated without cause by the Corporation, its successor or affiliate during the 12 months preceding, or at any time following a change of control, and any participant who remains employed by the Corporation or any affiliate during the 90-day period following a change of control and thereafter resigns, shall continue to receive grants on the deemed grant dates and vest as if the optionee continued to be employed, and optionee, or his estate, shall be entitled to exercise such options within five years after death or attainment of age 62, whichever first occurs.

In addition, the 2003 acquisition of The Commonwealth Bank added additional stock options of 120,155 shares (124,380 shares adjusted by the merger conversion factor of .9015 and the 10% stock dividend in 2003). These options included awards to employees and directors and were issued by The Commonwealth Bank in 12 grants beginning in 1994 and ending in 2002 with adjusted exercise prices ranging from \$4.75 to \$17.40. These options are fully vested and are exercisable for up to ten years following the grant date. At December 31, 2005, 11,318 options shares were outstanding and exercisable under the former Commonwealth Plan.

At its regularly scheduled meeting in January 2004, the Board of Directors adopted an additional plan, the 2004 Omnibus Stock Option Plan (the 2004 Plan) of the Corporation, which was subsequently approved by the stockholders of the Corporation at the 2004 Annual Meeting. A total of 200,000 shares of Common Stock were reserved for future issuance pursuant to the 2004 Plan. The Board shall, in its discretion, determine from time to time which employees, officers, directors, consultants or independent contractors will participate in the Plan and receive awards under the Plan.

The Purpose of the Plan is to promote the long-term success of the Corporation and the creation of shareholder value by (a) encouraging officers, employees, directors and individuals performing services for the Corporation as consultants or independent contractors to focus on critical long-range objectives, (b) encouraging the attraction and retention of officers, employees, directors, consultants and independent contractors with exceptional qualifications, and (c) linking officers, employees, directors, consultants and independent contractors directly to shareholder interests through ownership of the Corporation. The Plan seeks to achieve this purpose by providing for awards in the form of options to purchase shares of the Corporation. Awards may be granted individually or in tandem with other awards.

The Board may from time to time grant to eligible participants awards of incentive stock options or non-qualified stock options; provided however that awards of incentive stock options shall be limited to employees of the Corporation or any of its subsidiaries. Options intended to qualify as incentive stock options generally must have an exercise price at least equal to the fair market value of a share of Common Stock at the time of grant. Non-qualified stock options may have an exercise price that is equal to, below, or above the fair market value of a share of

Table of Contents

Common Stock at the time of grant. The exercise price applicable to a particular award shall be set forth in each individual award agreement.

The Board may from time to time grant restricted stock awards to eligible participants in such amounts, on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by law, as it shall determine.

The Board may, in its discretion, grant performance awards which become payable on account or attainment of one or more performance goals established by the Board. Performance awards may be paid by the delivery of Common Stock or cash, or any combination thereof, as determined in the sole discretion of the Board.

Incentive stock options and non-qualified stock options granted to participants shall become vested so that 25% of the option award shall vest as of the date of the grant and 25% of the option award shall vest on each one year anniversary thereafter, so that 100% of such option award shall be vested as of the third anniversary of the date of grant, unless otherwise determined in the discretion of the Board and memorialized in the stock award agreement. Notwithstanding the foregoing, no vesting shall occur on or after the date that an employee's employment or personal services contract with the Corporation or any of its subsidiaries terminates for any reason other than his death, disability or retirement. In determining the number of shares of Common Stock with respect to which such awards are vested and/or exercisable, fractional shares will be rounded up to the nearest whole number if the fraction is 0.5 or higher, and down if it is less.

Awards granted to a participant shall generally be exercisable at any time on or after it vests until the earlier of (i) ten (10) years after its date of grant or (ii) the date that is six (6) months (ninety (90) days in the case of incentive stock options granted to employees) following the last day on which the participant is employed or renders services for the benefit of the Corporation or its subsidiaries.

The following table details options granted to executive officers in fiscal year 2005 under the 2004 Plan

Wrap Plan

The Corporation maintains a non-qualified Supplemental 401(k) Plan (Wrap Plan) for the purpose of providing deferred compensation which cannot be accumulated under the Qualified ESOP/401(k) Combined Plan provisions because of deferral and covered compensation limitations on tax-qualified pension plan benefits. The Corporation makes a non-qualified matching credit on employee contributions at the rate established in the 401(k) Plan (100% in 2005) of up to 6% of compensation deferred and also makes contributions in lieu of Qualified ESOP contributions for compensation in excess of the \$205,000 compensation limit. Contributions under the Wrap Plan in 2005 for the covered persons are included in the Summary Compensation Table and are as follows: Mendez \$6,820; Buzzo \$2,415; Lilly \$4,616; and Schumacher \$1,750.

Executive Retention Plan

In 1999, the Corporation established an Executive Retention Plan for key members of senior management, including the individuals named in the Summary Compensation Table. This Plan provides for a benefit at normal retirement (age 62) targeted at 15% of final compensation projected at an assumed 3% salary progression rate. Benefits under the Executive Retention Plan become payable at Normal Retirement age 62 or at Early Retirement Age 60. Actual benefits payable under the Executive Retention Plan are dependent on an indexed retirement benefit formula that accrues benefits equal to the aggregate after-tax income of associated life insurance contracts less the Corporation's tax-effected cost of funds for that plan year. Benefits under the Executive Retention Plan are dependent on the performance of the insurance contracts and are not guaranteed by the Corporation.

In connection with the Executive Retention Plan, the Corporation has also entered into Life Insurance Endorsement Method Split Dollar Agreements (the Agreements) with the executives covered under the Retention Plan. Under the Agreements, the Corporation shares 80% of death benefits (after recovery of cash surrender value) with the designated beneficiaries of the executives under life insurance contracts referenced in the Executive Retention Plan. The Corporation as owner of the policies retains a 20% interest in life proceeds and a 100% interest in the cash surrender value of the policies.

The Executive Retention Plan also contains provisions for change of control, as defined, which allow the executives to retain benefits under the Plan in the event of a termination of service, other than for cause, during the twelve months prior to a change in control or anytime thereafter, unless the executive voluntarily terminates his employment within 90 days following the change in control.

The vesting schedule under the plan provides for graded vesting of benefits. Benefits under the Executive Retention Plan, which begin to accrue with respect to years of service under the Plan, vest 25% after five years, 50% after ten years, 75% after 15 years, and an additional 5% per year thereafter, with vesting accelerated to 100% at age 62.

Directors' Supplemental Retirement Plan

In 2001, the Corporation established a Directors' Supplemental Retirement Plan for its non-employee directors. This Plan provides for a benefit upon retirement from service on the Board at specified ages depending upon length of service. Benefits under the Supplemental Retirement Plan become payable at age 70, 75 and 78 depending upon the individual director's age and original date of election to the Board. Actual benefits payable under the Supplemental Retirement Plan are dependent on an indexed retirement benefit formula that accrues benefits equal to the aggregate

after-tax income of associated life insurance contracts less the Corporation's tax-effected cost of funds for that plan year. Benefits under the Supplemental Retirement Plan are dependent on the performance of the insurance contracts and are not guaranteed by the Corporation.

In connection with the Directors' Supplemental Retirement Plan, the Corporation has also entered into Life Insurance Endorsement Method Split Dollar Agreements (the Agreements) with certain directors covered under

Table of Contents

the Plan. Under the Agreements, the Corporation shares 80% of death benefits (after recovery of cash surrender value) with the designated beneficiaries of the directors under life insurance contracts referenced in the Supplemental Retirement Plan. The Corporation as owner of the policies retains a 20% interest in life proceeds and a 100% interest in the cash surrender value of the policies.

The Supplemental Retirement Plan also contains provisions for change of control, as defined, which allow the directors to retain benefits under the Plan in the event of a termination of service, other than for cause, during the twelve months prior to a change in control or anytime thereafter, unless the director voluntarily terminates his service within 90 days following the change in control.

The Supplemental Retirement Plan was designed to retain the future services of directors. Benefits become payable in a lump sum commencing 30 days following termination of service, except for cause, prior to retirement age as defined in the Plan document.

Indemnification Agreements

The Corporation and its subsidiary bank have Indemnification Agreements for all directors, executive officers Mendez, Buzzo, Lilly, Schumacher and certain other officers. The Indemnification Agreements indemnify each director and officer to the fullest extent permitted by law. The Indemnification Agreements cover all expenses (including attorneys fees), judgments, fines and amounts paid in settlement, if such settlement is approved in advance by the Corporation, paid in any matter relating to the director's or officer's role as the Corporation's director, officer, employee or agent when serving as its representative with respect to another entity. A director or officer would not be entitled to indemnification in connection with a proceeding or claim initiated by such director or officer voluntarily and that is not a defense.
