FirstEnergy Corp. Letterhead

May 4, 2009

Dear Shareholder:

In 2008, FirstEnergy achieved record financial and operating results despite the severe economic downturn. Highlights included record earnings, near-record cash generated from operations, and record output from our generating plants. While 2009 is a more challenging year for our industry and our company, we remain focused on continuous improvement and the fundamentals of our business, while taking steps to increase our financial and operational flexibility. We believe these actions, which include targeted reductions in capital and operating expenditures, as well as a new organizational structure, have positioned us to deal with current conditions and capitalize on future opportunities.

As a result of our financial performance over the past three years, as well as our prospects for growth, we once again earned recognition from *Public Utilities Fortnightly* magazine as one of the nation's 40 Best Energy Companies. And, our five-year annualized total shareholder return, reflecting stock price appreciation plus reinvested dividends, ranks FirstEnergy among the top quartile of the 57 member companies of the Edison Electric Institute Index.

Just as important, we have made this significant financial progress while keeping a strong focus on good corporate governance. In fact, we are outperforming over 80 percent of companies in the S&P 500 and over 87 percent of companies in the Utilities Group in the RiskMetrics Group's Corporate Governance Quotient—a commonly used measure of corporate governance effectiveness.

In spite of this strong performance, RiskMetrics Group and other voting advisory firms, based on their own voting policies, have recommended that votes be withheld from the Board's existing director nominees at our Annual Meeting of Shareholders on May 19, 2009. **I ask that you vote in favor of our director nominees, especially considering the outstanding leadership they have provided in supporting our ongoing success.**

I appreciate your consideration of our position on this issue, as well as your support of FirstEnergy and our leadership team. If you would like to discuss this matter, or any other issue regarding our proxy statement, please contact our Vice President and Corporate Secretary, Rhonda Ferguson, at 330-384-5620.

Sincerely,

/s/ Anthony J. Alexander
