PROXY STATEMENT

The Board of Directors of MESA AIR GROUP, INC., a Nevada corporation (the **Company**), is soliciting proxies to be used at the 2004 annual meeting of shareholders of the Company to be held on March 2, 2004, at 10:00 a.m., Arizona time, at the Phoenix Airport Marriott, 1101 North 44th Street, Phoenix, Arizona, and any adjournment(s) or postponement(s) thereof (the **Annual Meeting**). This proxy statement and the enclosed form of proxy will be mailed to shareholders beginning January 23, 2004.

Who Can Vote

Shareholders of record as of the close of business on January 9, 2004 (the **Record Date**), may vote at the Annual Meeting and at any adjournment or postponement of the meeting. Each shareholder has one vote for each share of Common Stock held of record on the Record Date. On the Record Date, 31,743,807 shares of the Company's common stock, no par value per share (the **Common Stock**), were issued and outstanding.

How You Can Vote

All valid proxies received before the Annual Meeting and not revoked will be exercised. All shares represented by proxy will be voted, and where a shareholder specifies by means of his or her proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specifications so made. If you do not specify on your proxy card how you want to vote your shares and authority to vote is not specifically withheld, we will vote your shares as follows: (i) for the election of the persons named in the proxy to serve as directors; (ii) for the proposal to ratify and approve the Company's 2003 Employee Stock Incentive Plan; (iii) against the shareholder proposal to adopt a bylaw provision to subject to shareholder vote on the next shareholder ballot, the adoption or extension of any current or future poison pill and, once adopted, to subject to shareholder vote on the next shareholder ballot the removal of this bylaw provision; and (iv) for the ratification of Deloitte & Touche LLP (Deloitte & Touche) as the independent auditors of the Company. Shareholders who hold their shares in street name (i.e., in the name of a bank, broker or other record holder) must vote their shares in the manner prescribed by their brokers.

How You Can Revoke Your Proxy

You can revoke your proxy at any time before it is exercised in one of three ways:

(1) by delivering to the Secretary of the Company a written instrument of revocation bearing a date later than the date of the proxy.

(2) by duly executing and delivering to the Secretary of the Company a subsequent proxy relating to the same shares.

(3) by attending the meeting and voting in person, provided that the shareholder notifies the Secretary at the meeting of his or her intention to vote in person at any time prior to the voting of the proxy.

Required Votes

A plurality of votes cast by shareholders who are either present in person or represented by proxy at the meeting is required to elect the seven (7) nominees for Director under Proposal 1. Approval of proposals 2, 3 and 4 requires the affirmative vote of a majority of the shares present and entitled to vote on these proposals at the Annual Meeting. The total number of votes that could be cast at the meeting is the number of votes actually cast plus the number of abstentions. Abstentions are counted as shares present at the meeting for

Table of Contents

purposes of determining whether a quorum exists and have the effect of a vote against any matter as to which they are specified. Proxies submitted by brokers that do not indicate a vote for some or all of the proposals because they do not have discretionary voting authority and have not received instructions as to how to vote on these proposals (so-called broker non-votes) are also considered shares present and will have the affect a vote against the proposal for which no vote is indicated.

Other Matters to Be Acted Upon at the Meeting

We do not know of any matters other than the election of directors, the proposal to ratify and approve the 2003 Employee Stock Incentive Plan, the shareholder proposal, and the ratification of independent auditors that are expected to be presented for consideration at the Annual Meeting. If any other matters are properly presented at the meeting, the shares represented by proxies will be voted in accordance with the judgment of the persons voting those shares.

Solicitation

The cost of soliciting proxies, including the cost of preparing and mailing the Notice and Proxy Statement, will be paid by the Company. Solicitation will be primarily by mailing this Proxy Statement to all shareholders entitled to vote at the meeting. Proxies may also be solicited by officers and directors of the Company personally or by telephone or facsimile, without additional compensation. The Company may reimburse brokers, banks and others holding shares in their names for others for the cost of forwarding proxy materials and obtaining proxies from beneficial owners.

BOARD AND COMMITTEE MEETINGS

Information concerning the three Committees maintained by the Board of Directors is set forth below. The Board Committees currently consist only of Directors who are not employees of the Company and who are independent within the meaning of the listing standards of the NASD.

The Board held six meetings during the 2003 fiscal year. No director attended less than 75% of the Board meetings while serving as such director, or less than 75% of all committee meetings on which he or she served as a committee member.

The audit, nominating and compensation committees are the standing committees of the Board. The fiscal year 2003 committees are comprised as follows¹:

<u>Audit</u>	<u>Nominating</u>	<u>Compensation</u>
Ronald R. Fogleman*	Maurice Parker*	Daniel J. Altobello*
Julie Silcock	James Swigart	Joseph Manson
Joseph Manson	Daniel J. Altobello	Maurice Parker

The current committees are comprised as follows:

<u>Audit</u>	<u>Nominating/ Corporate Governance</u>	<u>Compensation</u>
Ronald R. Fogleman*	Daniel J. Altobello*	Daniel J. Altobello*
Julie Silcock	Julie Silcock	Julie Silcock
Robert Beleson	Robert Beleson	Robert Beleson

* Chairman

(1) On November 19, 2003, the standing committees were reorganized. The Company merged the Nominating Committee with a newly established Corporate Governance Committee, creating a Nominating/ Corporate Governance Committee with three Committee members.

The audit committee of the Board (the Audit Committee) held seven meetings during fiscal 2003. The Audit Committee, among other things, recommends the Company's independent auditors, reviews the Company's financial statements, reports and recommendations regarding the adequacy of internal accounting controls made by the independent auditors and considers such other matters with respect to the accounting, auditing and financial reporting procedures as it may deem appropriate or as may be brought to its attention.

The Audit Committee acts under a written charter adopted and approved by the Board in May 2000. A copy of the original Audit Committee Charter is attached as an exhibit to the Company's 2001 Annual Meeting Proxy Statement. The Charter was amended in April 2002 and the Amended Charter is attached as an exhibit to the Company's 2003 Annual Meeting Proxy Statement. The Audit Committee is composed of outside directors who are not officers or employees of the Company or its subsidiaries. In the opinion of the Board and as independent is defined under current standards of the NASD (including the heightened independence requirements of audit committee members), these directors are independent of management and free of any relationship that would interfere with their exercise of independent judgment as member of this committee.

The nominating committee of the Board (the Nominating Committee) did not meet in fiscal 2003. In November 2003, the Nominating Committee was merged with a newly established corporate governance committee, creating the Nominating/ Corporate Governance Committee. The Nominating/ Corporate Governance Committee will continue to be responsible for identifying and nominating individuals qualified to serve on the Board and the Committees of the Board, as well as reviewing the effective corporate governance policies and procedures and recommending any applicable modifications thereto. The Nominating/ Corporate Governance Committee will consider, but is not required to

approve, nominations for directors by shareholders

for any annual meeting of the Company, provided a written recommendation is received by the Company no later than the date shareholder proposals must be submitted for consideration prior to such annual meeting.

The compensation committee of the Board (the Compensation Committee) held two meetings during the 2003 fiscal year. The Compensation Committee is responsible for allocating cash compensation and stock options to senior executive officers of the Company.

It is expected that all current committee members will be nominated for re-election to such committees at a Board meeting to be held immediately following the Annual Meeting.

The Board of Directors adopted a Code of Ethics in fiscal 2003, which applies to the Company's executive officers, as well as the executive officers of the Company's subsidiaries.

You can obtain copies of our current committee charters and Code of Ethics in the Corporate Governance section of our website (www.mesa-air.com) or by writing to our Corporate Secretary at 410 North 44th Street, Suite 700, Phoenix, Arizona 85008.

COMPENSATION OF DIRECTORS

Fees

The following fees were paid to Directors who were not employees of the Company during fiscal 2003. Directors who are full-time employees of the Company receive no additional compensation for serving as directors. Board members also are reimbursed for all expenses associated with attending Board or Committee meetings.

Annual Retainer	\$ 15,000
Fee for each Board meeting	\$ 1,000
Fee for each telephonic meeting	\$ 500
Fee for each Committee meeting	\$ 500

Stock Options

Under the Outside Director's Option Plan, each non-employee director receives an annual grant of options to purchase 3,000 shares of Common Stock, plus the number of options to purchase Common Stock equivalent to a cash value of \$20,000 as calculated pursuant to the Black-Scholes Valuation Method (collectively, the Formula Amount), at a risk-free rate of a ten-year zero coupon bond. Each non-employee director receives an additional Formula Amount on April 1st of each year thereafter. Upon being appointed a non-employee director after April 1, such director is granted a pro-rata portion of the Formula Amount and receives options pursuant to the plan on April 1st of each succeeding year. The amount of pro rata options granted to each new non-employee director is calculated by dividing the number of days prior to April 1st by the number of days in the calendar year and multiplying the quotient by the Formula Amount.

Other Benefits

Each non-employee director, and certain family members of such director, receives free travel on Mesa Air and free or reduced-fare travel on certain air carriers at no cost to the Company or the director. The Company believes that the directors' use of free air travel is de minimis and did not maintain any records of non-employee directors' travel during fiscal 2003.

COMPENSATION COMMITTEE INTERLOCKS

During the fiscal year 2003, the Compensation Committee consisted of Messrs. Altobello, Parker and Manson. None of the members of the committee held any executive officer position or other employment with the Company prior to or during such service. See Certain Relationships and Related Transactions later in this proxy statement for a discussion of payments made by the Company to certain entities in which Messrs. Manson and Parker have an interest.

REPORT OF AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee assists the Board in fulfilling its responsibility for oversight of the internal control, accounting, auditing and financial reporting practices of the Company. Specific responsibilities of the Audit Committee include:

reviewing and discussing the audited financial statements with management;

discussing with the Company's independent auditors information relating to the auditors' judgments about the quality of the Company's accounting policies and financial reporting practices;

recommending to the Board that the Company include the audited financials in its Annual Report on Form 10-K; and

overseeing compliance with the Securities and Exchange Commission requirements for disclosure of auditors' services and activities.

The Committee regularly meets with management to consider the adequacy of the Company's internal controls and the integrity of its financial reporting. The Committee discusses these matters with the Company's independent auditors and with appropriate Company financial personnel and internal auditors.

The Committee regularly meets privately with management, the independent auditors and the internal auditors. Each of the independent auditors has unrestricted access to the Committee.

The Committee retains and, if circumstances warrant, replaces the independent auditors and regularly reviews their performance and independence from management. The Committee also pre-approves all audit and permitted non-audit services and related fees.

The Board of Directors has determined that none of the Directors serving on the Committee has a relationship to the Company that may interfere with their independence from the Company and its management. As a result, each Director who serves on the Committee is independent as required by NASD listing standards.

The Board of Directors has adopted a written charter setting out the roles and responsibilities the Committee is to perform. The Board has determined that Julie Silcock of the Audit Committee is an audit committee financial expert, as such term is defined in Item 401(h) of Regulation S-K.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls.

Review of Audited Financial Statements

The Audit Committee has reviewed the Company's financial statements for the fiscal year ended September 30, 2003, as audited by Deloitte & Touche, the Company's independent auditors, and has discussed these financial statements with management. In addition, the Audit Committee has discussed with Deloitte & Touche the matters required to be discussed by Statement of Auditing Standards No. 61, as amended, regarding the codification of statements on auditing standards. Furthermore, the Audit Committee has received the written disclosures and the letter from Deloitte & Touche required by the Independence Standards Board Standard No. 1 and has discussed with Deloitte & Touche its independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements for the fiscal year ended September 30, 2003 be included in the Company's Annual Report on Form 10-K, for filing with the Securities and Exchange Commission.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with

Table of Contents

generally accepted accounting principles and that the Company's independent accountants are in fact independent.

DISCLOSURE OF AUDIT AND NON-AUDIT FEES

Pre-approval Policy

In August 2003, the Audit Committee adopted a Pre-approval Policy (Policy) governing the approval of all audit and non-audit services performed by the independent auditor in order to ensure that the performance of such services does not impair the auditor's independence.

According to the Policy, the Audit Committee will annually review and pre-approve the services and fees that may be provided by the independent auditor during the following year. The Policy specifically describes the services and fees related to the annual audit, other services that are audit-related, preparation of tax returns and tax related compliance services and all other services that have the general pre-approval of the Audit Committee. The term of any general pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period.

Any service to be provided by the independent auditor that has not received general pre-approval under the Policy is required to be submitted to the Audit Committee for approval prior to the commencement of a substantial portion of the engagement. Any proposed service exceeding pre-approved cost levels is also required to be submitted to the Audit Committee for specific approval.

The Audit Committee will revise the list of general pre-approved services from time to time based on subsequent determinations. The Committee does not delegate its responsibilities to pre-approve services performed by the independent auditor to management.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee consists of three non-employee directors, Messrs. Altobello, Parker and Manson. The Compensation Committee has the responsibility for allocation of cash compensation and stock options to senior executive officers of the Company. The Compensation Committee primarily administers the Company's cash compensation plans and employee stock option plans. In those instances in which Rule 16b-3 of the Securities Exchange Act of 1934 requires grants or awards of stock options to be made by a disinterested committee, the Compensation Committee is solely responsible for the administration of such plans.

The entire Board regularly reviews the Compensation Committee decisions relating to executive compensation. The Company's executive compensation policies, as endorsed by the Compensation Committee, have been designed to provide a balanced compensation program that will assist the Company in its efforts to attract, motivate and retain talented executives who the Compensation Committee and senior management believe are important to the long-term financial success of the Company. The employment contracts of Messrs. Ornstein, Lotz and Murnane provide for bonuses. Bonuses are limited to prescribed percentages of base salary, based upon the percentage growth in earnings per share (EPS) of the Company. Growth in EPS is categorized at four levels: (1) Minimum any growth in EPS during the prior fiscal year; (2) Threshold 5.0% to 9.9% growth in EPS; (3) Target 10.0% to 14.9% growth in EPS; and (4) Maximum 15.0% or greater growth in EPS. The Board may also approve discretionary bonuses. In addition to salaries and bonuses, an integral part of executive compensation is the issuance of stock options on an annualized basis to key employees under the Key Officer Stock Option Plan and the 1996 Stock Option Plan (together, the Stock Option Plans).

The Key Officer Stock Option Plan provides for options to be issued to the CEO and President at set dates for prescribed amounts. The 1996 Stock Option Plan provides for options to be issued to officers and key employees at the discretion of the Compensation Committee upon recommendation by the Chief Executive Officer. The options granted under the foregoing Stock Option Plans vest at the rate of approximately one-third per year commencing one year after the grant date. The options have a 10-year term and are subject to standard option provisions, including the requirement of continued employment and provisions to deal with termination of employment due to retirement, death or disability. Under the Stock Option Plans, options will be issued at the weighted average price of Common Stock on the date of grant. The total number of options granted under all Stock Option Plans in fiscal 2003 was 987,850. The Compensation Committee believes that the issuance of stock options to officers and key employees related to the appreciation of the Common Stock provides equitable incentives to increase the profitability of the Company.

The Company's Board of Directors considers the 2003 Plan to be important to the Company's ability to appropriately compensate its officers and employees as the Company continues to grow. In this respect, the 2003 Plan will serve the objectives previously implemented under the Company's 1996 Stock Option Plan, as amended (the 1996 Plan). Substantially all of the shares authorized under the 1996 Plan have either been issued or are subject to currently outstanding options or other awards under the 1996 Plan.

Vote Required

Approval of the 2003 Plan requires the affirmative vote of a majority of the shares of Common Stock present or represented by proxy and entitled to vote at the Annual Meeting.

Summary of the 2003 Plan

The following summary of the main features of the 2003 Plan is qualified in its entirety by reference to the complete text of the 2003 Plan, which is set forth as Appendix A to this Proxy Statement. For purposes of the discussion contained in this Proposal No. 2, a capitalized term shall have the meaning assigned to such term in the 2003 Plan except as otherwise provided.

The 2003 Plan authorizes the grant and issuance of three different types of Awards:

Options (Stock Options), which can qualify as incentive stock options under the Tax Code or as non-qualified stock options;

Restricted Stock, which is stock that is contingent on an employee satisfying conditions, including without limitation continued employment, passage of time or satisfaction of performance criteria; and

Performance Shares, which are performance bonuses paid in either cash or shares of Common Stock (Shares).

The 2003 Plan has a number of special terms and limitations, including:

The exercise price for Stock Options granted under the 2003 Plan must at least equal the Shares fair market value at the time the Stock Option is granted;

The 2003 Plan expressly states that Stock Options granted under it can not be repriced, as defined in the 2003 Plan;

Except for ISOs (see below), 1,000,000 shares; plus, the number of shares subject to awards granted under the Company's 1996 Stock Option Plan but which are not issued as a result of the cancellation, expiration or forfeiture of such awards (the 1996 Plan Shares) are proposed to be available for issuance under the 2003 Plan;

However, no more than 1,000,000 shares (provided that such Shares shall not include the 1996 Plan Shares) may be issued pursuant to the exercise of ISOs granted under the 2003 Plan; and

Stockholder approval is required for certain types of amendments to the 2003 Plan.

The 2003 Plan is designed to enable the Company to attract, retain and motivate its officers and other key employees, and to further align their interests with those of the stockholders of the Company, by providing for or increasing the proprietary interest of such persons in the Company.

The 2003 Plan has various provisions so that Awards under it may, but need not, qualify for an exemption from the short swing liability provisions of Section 16(b) of the Exchange Act pursuant to Rule 16b-3 and/or qualify as performance based compensation that is exempt from the \$1 million limitation on the deductibility of compensation under Section 162(m) of the Tax Code. However, stockholder approval of the class of eligible participants, the per person annual award limitations and the Qualifying Performance Criteria potentially associated with Awards granted under the 2003 Plan are required in order for awards under the 2003 Plan to qualify potentially as performance based compensation under Tax Code Section 162(m).

The 2003 Plan's per person award limitations for purposes of Section 162(m) are as follows: (1) the aggregate number of Shares subject to Stock Options granted under the 2003 Plan during any calendar year to any one participant may not exceed 150,000; and (2) the aggregate number of Shares issued or issuable under all Awards other than Stock Options granted under the 2003 Plan during any calendar year to any one participant may not exceed 50,000. In the future, if such limitations are not required under Code Section 162(m), then a change in such limitations shall not be subject to stockholder approval.

Eligibility

Participants in the 2003 Plan can be any person who is an employee or prospective employee of the Company or any subsidiary. The Compensation Committee of the Board of Directors has not yet determined how many individuals will ultimately participate in the 2003 Plan. Accordingly, benefits or amounts that will be received by or allocated to eligible participants in the 2003 Plan are not determinable and neither is

the amounts that would have been received by or allocated participants for fiscal 2003 had the 2003 Plan been in

place during such period. While it is generally expected that the same categories of executives and employees who participate under the 1996 Plan will be eligible to participate under the 2003 Plan, Awards may from time to time be granted to employees who are not in these groups but who have otherwise distinguished themselves for their contributions to the Company or who are expected to make significant contributions to the Company.

Administration

The 2003 Plan will be administered by the Compensation Committee (the Committee) of the Board of Directors, although the Board of Directors may exercise any authority of the Committee under the 2003 Plan in lieu of the Committee's exercise thereof. The Committee may designate subcommittees and may delegate certain administrative functions to others.

Subject to the express provisions of the 2003 Plan, the Committee has broad authority to administer and interpret the 2003 Plan, including, without limitation, authority to determine who is eligible to participate in the 2003 Plan and to which of such persons, and when, Awards are granted under the 2003 Plan, to determine the number of shares of Common Stock subject to Awards and the exercise or purchase price of such shares under an Award, to establish and verify the extent of satisfaction of any performance goals applicable to Awards, to prescribe and amend the terms of the agreements evidencing Awards made under the 2003 Plan, and to make all other determinations deemed necessary or advisable for the administration of the 2003 Plan.

Stock Subject to the 2003 Plan

Except for ISOs (see above), the aggregate number of Shares that can be issued under the 2003 Plan may not exceed 1,000,000, plus the 1996 Plan Shares. If the outstanding Shares or other securities of the Company, or both, for which the Award is then exercisable or as to which the Award is to be settled shall at any time be changed or exchanged by declaration of a stock dividend, stock split, combination of shares, recapitalization, or reorganization, the Committee may appropriately and equitably adjust the number and kind of Shares or other securities which are subject to the 2003 Plan or subject to any Awards theretofore granted, and the exercise or settlement prices of such Awards, so as to maintain the proportionate number of Shares or other securities without changing the aggregate exercise or settlement price, provided, however, that such adjustment shall be made so as to not affect the status of any Award intended to qualify as an ISO or as performance based compensation under Section 162(m) of the Tax Code. For purposes of calculating the aggregate number of Shares issued under the 2003 Plan, only the number of shares actually issued upon exercise or settlement of an Award and not delivered to or retained by the Company upon cancellation, expiration or forfeiture of an Award or in payment or satisfaction of the purchase price or exercise price of an Award shall be counted.

Awards

The 2003 Plan authorizes the grant and issuance of the following types of Awards: Stock Options, Restricted Stock, and Performance Shares.

Stock Options. Subject to the express provisions of the 2003 Plan and as discussed in this paragraph, the Committee has discretion to determine the vesting schedule of Stock Options, the events causing a Stock Option to expire, the number of shares subject to any Stock Option, the restrictions on transferability of a Stock Option, and such further terms and conditions, in each case not inconsistent with the 2003 Plan, as may be determined from time to time by the Committee, except that no Stock Options granted to an employee may become exercisable within one (1) year of the grant date. The 2003 Plan expressly provides that the Company can not reprice Stock Options. The exercise price for Stock Options may not be less than 100% of the fair market value of the Common Stock (as determined pursuant to the 2003 Plan) at the time the Stock Option is granted. The exercise price of an Stock Option may be paid through various means specified by the Committee, including in cash or check, by delivering to the Company shares of Common Stock, by a reduction in the number of shares issuable pursuant to such option, or by a commitment to pay by a stock broker to pay over proceeds from the sale of shares issuable under a Stock Option. Stock Options granted under the 2003 Plan may be either incentive stock options (ISOs) qualifying under Section 422 of the Tax Code or non-qualified stock options (NQSOs), which are not intended to qualify as ISOs.

Table of Contents

Restricted Stock. The Committee may make awards of restricted stock to participants, which will be subject to restrictions on transferability and other restrictions as the Committee may impose, including, without limitations on the right to vote restricted stock or the right to receive dividends, if any, on the restricted stock. These awards may be subject to forfeiture upon any conditions or criteria established by the Committee, including without limitation termination of employment or upon a failure to satisfy Qualifying Performance Criteria during the applicable restriction period. In addition, in the discretion of the Compensation Committee, awards of restricted stock may be issued upon participants meeting certain Qualifying Performance Criteria.

Performance Shares. Performance Shares is an award to receive a number Shares, the payment of which is contingent upon the participant achieving certain performance standards derived from the Qualifying Performance Criteria, which is described below. Once the conditions and terms for the performance Shares have been met, the Performance Shares shall be payable either in cash or Shares (or both) by reference to the fair market value of the Shares enumerated in the Performance Shares at such times as indicated in the Award. The Committee also may impose restrictions on such Awards, including on its transferability.

Qualifying Performance Criteria

Subject to stockholder approval of the 2003 Plan, the performance criteria for any Award that is intended to satisfy the requirements for performance based compensation under Code Section 162(m) shall be any one or more of the following performance criteria, either individually, alternatively or in any combination, applied to either the Company as a whole, to a business unit or subsidiary, or based on comparisons of any of the performance measures relative to other companies, either individually, alternatively or in any combination, and measured either annually or cumulatively over a period of years, on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group, in each case as specified by the Committee in the Award: (a) cash flow, (b) earnings per share or increases of same, (c) earnings before interest, taxes and amortization, (d) return on equity, (e) total stockholder return, (f) share price performance, (g) return on capital or investment, (h) return on assets or net assets, (i) revenue, (j) income or net income, (k) operating income or net operating income, (l) operating profit or net operating profit, (m) operating margin or profit margin, (n) return on operating revenue, (o) pre-tax or after-tax profit levels expressed in either absolute dollars, (p) revenues or revenue growth, (q) economic or cash value added, (r) results of customer satisfaction surveys, (s) other measures of performance, quality, safety, productivity or process improvement, (t) market share, (u) overhead or other expense reduction, (v) departure or on-time arrival performance, and (w) baggage handling. These factors may have a minimum performance standard, a target performance standard and a maximum performance standard. The Committee shall appropriately adjust any evaluation of performance under a Qualifying Performance Criteria to exclude any of the following events that occurs during a performance period: (i) asset write-downs, (ii) litigation or claim judgments or settlements, (iii) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (iv) accruals for reorganization and restructuring programs and (v) any extraordinary non-recurring items as described in Accounting Principles Board Opinion No. 30 and/or in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year.

Transferability of Awards and Other Provisions Applicable to Awards

Generally, Awards granted under the 2003 Plan may not be sold, assigned, conveyed, gifted, pledged, hypothecated or otherwise transferred in any manner prior to the vesting or lapse of any and all restrictions applicable thereto.

The 2003 Plan has provisions designed so that it qualifies as an eligible plan under the margin provisions of Regulation U, by expressly providing that the Committee may, but is not required to, loan the amount necessary to purchase shares and/or pay taxes under any award. The 2003 Plan also provides that the Committee may, but need not, provide that the holder of an Award has a right under an Award to receive a number of shares or cash, or a combination thereof, the amount of which is determined by reference to the value of the Award. Finally, the 2003 Plan does not limit the Company's right to make other arrangements to provide stock options and other forms of compensation arrangements as it determines appropriate.

Amendments and Termination

The Board of Directors may amend, alter or discontinue the 2003 Plan or any agreement evidencing an Award made under the 2003 Plan, but no such amendment shall, without the approval of the stockholders of the Company:

- (a) change the maximum number of shares of Common Stock for which Awards may be granted under the 2003 Plan;
- (b) reduce the price at which Options may be granted below the price provided for in Section 6.2 of the 2003 Plan;
- (c) reduce the exercise price of outstanding Options;
- (d) extend the term of the 2003 Plan;
- (e) change the class of persons eligible to be Eligible Persons or Participants; or
- (f) increase the number of shares that are eligible for non-Option Awards.

The Board may amend, alter or discontinue the 2003 Plan or any agreement evidencing an Award made under the 2003 Plan, but no amendment or alteration shall be made which would impair the rights of any Award holder, without such holder's consent, under any Award theretofore granted; provided that no such consent shall be required if the Committee determines in its sole discretion and prior to the date of any change in control, recapitalization, stock dividend, stock split, reorganization, merger, consolidation or similar type transaction that such amendment or alteration either is required or advisable in order for the Company, the 2003 Plan, or any Award granted, to satisfy any law or regulation or to meet the requirements of any accounting standard.

No Award granted under the 2003 Plan shall be granted pursuant to the 2003 Plan more than 10 years after the date of the adoption of the 2003 Plan by the Company's stockholders.

Federal Income Tax Consequences

The following discussion of the federal income tax consequences of the 2003 Plan is intended to be a summary of applicable federal law as currently in effect. State and local tax consequences may differ, and tax laws may be amended or interpreted differently during the term of the 2003 Plan or of Awards granted there under. Because the federal income tax rules governing Awards and related payments are complex and subject to frequent change, and they depend on the Participant's individual circumstances, Participants are advised to consult their tax advisors prior to exercise of options or other Awards or dispositions of stock acquired pursuant to Awards.

The Stock Options

ISOs and NQSOs are treated differently for federal income tax purposes. ISOs are intended to satisfy the requirements of Section 422 of the Tax Code. NQSOs need not satisfy such requirements.

ISOs

No taxable income will result to a Participant upon the grant of an ISO. Upon the exercise of an ISO, any excess of the fair market value of the stock over the option price is a tax preference item that may result in the imposition of the alternative minimum tax in the year of exercise. However, if any of such shares are disposed of by the Participant in a disqualifying disposition (see below) in the same taxable year as the exercise, there will be no item of tax preference as to such disposed shares, although the Participant will recognize ordinary income as discussed below. In cases where the exercise of the option does produce an item of tax preference, the basis of the stock for purposes of the alternative minimum tax will include the amount of such tax preference item.

On the subsequent sale of stock acquired by the exercise of an ISO, gain or loss will be recognized in an amount equal to the difference between the amount realized on the sale and the Participant's tax basis in the stock sold. The tax basis of stock acquired solely for cash will be equal to the amount of cash paid. If an ISO is exercised using previously acquired stock (or stock and cash) in payment, the Participant's tax basis for the

Table of Contents

number of shares of stock received equal to the number used in payment shall be the same as the Participant's basis in the stock used as payment. The Participant's aggregate tax basis in any additional stock received will be equal to the amount of cash paid (if any).

If a disposition of stock does not take place until more than two years after grant and more than one year after exercise of the option, any gain or loss realized will be treated as long-term capital gain or loss. Under such circumstances, the Company will not be entitled to a deduction for income tax purposes in connection with the exercise of the option. If a disposition occurs within two years after grant or one year after exercise of the option, the difference between the fair market value of the stock on the date of exercise and the tax basis in the stock is taxable as compensation income to the Participant and is deductible by the Company for federal income tax purposes. Any additional amount realized on the disposition will be taxed as either long-term or short-term capital gain.

If the option price of an ISO is paid by using stock that was acquired upon the exercise of an ISO (Payment Shares) and the Payment Shares have not been held for more than one year from exercise and two years from grant, the transfer of such Payment Shares to exercise an ISO will be treated as a disposition of such Payment Shares. Upon such disposition, the excess of the fair market value of the Payment Shares on the date they had originally been acquired (or, if less, the fair market value of the Payment Shares on the date of disposition) over the Participant's tax basis in such Payment Shares is taxable as compensation income to the Participant and is deductible by the Company.

NQSO

In general, no taxable income will be recognized by the Participant, and no deduction will be allowed to the Company, upon the grant of a NQSO. Upon exercise of an unrestricted NQSO, a Participant will recognize ordinary income (and the Company will be entitled to a corresponding tax deduction) in an amount equal to the amount by which the fair market value of the shares on the exercise date exceeds the option exercise price. Any gain or loss realized by a Participant on disposition of such shares generally is a capital gain or loss and does not result in any tax deduction to the Company.

Restricted Stock

A grant of restricted stock does not result in income to the Participant or a corresponding tax deduction for the Company until the shares are no longer subject to restrictions, or forfeiture, unless the Participant, elects under Section 83(b) of the Code to have the amount of income to the Participant (and deduction to the Company) determined at the date of the grant. At the time of lapse of restrictions (or a Section 83(b) election), the Participant generally will recognize ordinary income equal to the fair market value of the shares less any amount paid for them, and the Company will be entitled to a tax deduction in the same amount (subject to certain restrictions set forth below under Section 162(m) of the Code. Any dividends paid on restricted stock will be treated as compensation for federal income tax purposes, unless the Participant has made a Section 83(b) election. After the restrictions have lapsed (or a Section 83(b) election has been made), the Participant may treat appreciation subsequent to such time as capital gain (depending on the holding period for the shares). Participants receiving Restricted Stock should consult their tax advisors regarding the ability and advisability of making the Section 83(b) election, including the limitations on claiming a loss if the shares decline in value or are forfeited after receipt.

Performance Shares

No taxable income generally is reportable when a Performance Share is granted to a Participant. Upon satisfaction of the criteria established by the Committee and upon having the right to receive the cash and/or the Shares based on the timing set by the Committee, the Participant will recognize compensation income in an amount equal to the amount of cash received and the fair market value of any Shares. Any additional gain or loss recognized upon any later disposition of the Shares would be capital gain or loss.

Withholding and Other Issues for Employees

The Company generally will be entitled to withhold any required taxes in connection with the exercise or payment of an Award, and may require the participant to pay such taxes as a condition to exercise of an

Table of Contents

Award. Special rules will apply in cases where a recipient of an Award pays the exercise or purchase price of the Award or applicable withholding tax obligations under the 2003 Plan by delivering previously owned shares or by reducing the number of shares otherwise issuable pursuant to the Award. The surrender or withholding of such shares will in certain circumstances result in the recognition of income with respect to such shares or a carryover basis in the shares acquired, and may constitute a disposition for purposes of applying the ISO holding periods as discussed above.

The Committee, pursuant to the terms of the agreements or other documents pursuant to which specific Awards are made under the 2003 Plan, may agree to reimburse Participants for some or all of the federal, state and local income taxes associated with the grant or exercise of an Award or the receipt of the cash or Shares from an Award, or the 20% excise tax on any excess parachute payments under Code Sections 280G and Code Section 4999, and may agree to reimburse the additional federal, state and local income tax from the reimbursement payments made.

Tax Effect to Company

The Company generally will be entitled to a tax deduction in connection with an Award under the 2003 Plan in an amount equal to the compensation income (ordinary income) realized by a Participant and at the time the Participant recognizes such income (for example, the exercise of a NQSO). Special rules limit the deductibility of compensation paid to certain Covered Employees of the Company (as defined by Code Section 162(m)(3)). Under Section 162(m) of the Internal Revenue Code, the annual compensation paid to any of these Covered Employees will be deductible only to the extent that it does not exceed \$1,000,000 or if the compensation is paid solely on account of attaining one or more pre-established, objective performance goals. The 2003 Plan has been constructed such that some Awards in the Committee's discretion may qualify as performance-based compensation under Section 162(m) of the Code and thus would be deductible even if the total compensation paid to the Covered Employee is in excess of \$1,000,000. However, whether an Award will qualify under Section 162(m) as performance-based compensation will depend on the terms, conditions and type of the Award issued the Covered Employee. For example, grants of Options or Restricted Stock often vest only according to the optionee's or Grantee's length of employment rather than pre-established performance goals. Therefore, the compensation derived from the Awards made to Covered Employees may not be deductible by the Company to the extent the Covered Employee's total compensation exceeds \$1 million.

Shareholders Central Role

Putting poison pills to a vote is a way of affirming the central role that shareholders should play in the life of a corporation. Eliminating the poison pill is a way of ensuring that management faces the same accountability that other workers do. There are often reasons that hostile takeovers should fail. But anti-democratic schemes to flood the market with diluted stock are not one of them. Source: The Motley Fool.

The key negative of poison pills is that pills can preserve management deadwood instead of protecting investors. Source: Moringstar.com.

Poison pills are akin to the argument of a dictator who says, Give up more of your freedom and I'll take care of you.

Performance is the greatest defense against getting taken over. Ultimately if you perform well you remain independent, because your stock price stays up, Source: T.J. Dermot Dunphy, CEO of Sealed Air for more than 25 years.

Since the 1980s Fidelity, a mutual fund giant with \$800 billion invested, has withheld votes for directors at companies which approved poison pills, *Wall Street Journal*, June 12, 2002.

Beware of substitutes: I believe that any poison pill bylaw or policy, with a loophole to forego or stall a shareholder vote would not be a substitute for this proposal. Also any poison pill bylaw or policy which could be removed without a shareholder vote would not be a substitute.

Threat of Hostile Takeover Can Improve Management

Some of us who've followed closely the increasing arc of CEO pay believe it's no coincidence that the rise began just as courts and legislatures were erecting obstacles to hostile takeovers. Hectoring board members to act more independently is poor substitute for the bracing possibility that shareholders could turn on a dime and sell the company out from under its present management. An important negative check on management went missing when we were left waving ever-larger carrots in front of management in hopes of inducing them to serve shareholder interests. Carrots are fine, but a stick is often handy, too. *Wall Street Journal*. Feb. 24, 2003

Council of Institutional Investors Recommendation

The Council of Institutional Investors www.cii.org, an organization of 130 pension funds investing \$2 trillion, called for shareholder approval of poison pills. Poison Pill Subject to Shareholder Vote

Yes on 3

THE MESA AIR BOARD RECOMMENDS YOU VOTE AGAINST THIS PROPOSAL FOR THE FOLLOWING REASONS:

Mesa Air has no poison pill or shareholder rights plan and it is unlikely that the Board of Directors of the Company would ever need to consider such a plan.

Table of Contents

On December 30, 2003, the Board adopted a policy statement on poison pills, which provides that the Company will only adopt a rights plan if either shareholders have approved adoption of the rights plan, or the Board in its exercise of its fiduciary responsibilities, including a majority of the independent members of the Board, makes a determination that, under the circumstances existing at the time, it would be in the best interests of the Company's stockholders to adopt a rights plan without the delay in adoption that would come from the time reasonably anticipated to seek shareholder approval.

We support the principle of shareholder voting on rights plans and have adopted the above policy on poison pills to provide for such a shareholder vote, except under the circumstances where the Board, in its exercise of its fiduciary responsibilities, including a majority of the independent members of the Board, makes a determination that it would be in the best interests of the Company's shareholders to adopt a rights plan without the delay in adoption that would come from the time reasonably anticipated to seek shareholder approval. By adopting this policy, we do not believe it is necessary or appropriate to subject any determination our Board makes with respect to shareholder rights plans to a subsequent shareholder vote, as required by the above shareholder proposal.

Shareholder rights plans are designed to encourage potential acquirors to negotiate directly with the Board, which is in the best position to negotiate on behalf of all shareholders, evaluate the adequacy of any potential offer and protect shareholders against unfair and abusive takeover tactics. Without the protection of a shareholder rights plan, the Board could lose important bargaining power in negotiating with a potential acquiror or pursuing potentially superior alternatives.

We believe there is compelling evidence that shareholder rights plans are beneficial to shareholders' interests. Approximately 2,164 companies have adopted shareholder rights plans, including more than half of the companies in the Standard & Poor's 500 Index. Studies have shown that companies adopting such plans receive higher takeover premiums than those companies without rights plans. For example, a 1997 study by Georgeson and Company, Inc. found that premiums paid to acquire companies with shareholder rights plans were 8% higher than premiums paid to companies without shareholder rights plans. At the same time, shareholder rights plans do not prevent companies from being acquired at prices that are fair and adequate to shareholders. Furthermore, it is consistent with corporate governance principles that decisions involving a potential sale of the Company rest with the Board of Directors which will evaluate the merits of any acquisition proposal in accordance with its fiduciary duty to shareholders. Because a shareholder rights plan can be an effective tool in a takeover attempt, the Company believes the adoption of such a plan is appropriately within the scope of the Board's responsibilities.

We further believe that requiring shareholder approval of a rights plan subsequent to its adoption by the Board would not give management and directors greater incentive to deal effectively with shareholder value issues because the Board has a fiduciary duty to act in the interests of the Company and shareholders on all matters affecting the Company's business.

For the reasons discussed above, the Board believes that the Company should retain the ability to adopt a shareholder rights plan for the protection of shareholders.

THE BOARD RECOMMENDS THAT YOU VOTE AGAINST THE ABOVE PROPOSAL.

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

(PROPOSAL NO. 4)

Deloitte & Touche has been selected as the Company's independent auditors for the fiscal year ending September 30, 2004. Shareholder ratification of the selection of Deloitte & Touche as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of Deloitte & Touche for shareholder ratification as a matter of good corporate practice. Deloitte & Touche has audited the Company's financial statements since 2000. Notwithstanding the selection, the Board, in its discretion, may direct appointment of a new independent accounting firm at any time during the year if the Board feels that such a change would be in the best interests of the Company and its shareholders. A representative of Deloitte & Touche is expected to be present at the Annual Meeting with the opportunity to make a statement if he or she so desires and to be available to respond to appropriate questions.

Table of Contents

Ratification of the appointment of Deloitte & Touche as the Company's independent auditors for fiscal year 2004 will require the affirmative vote of the holders of at least a majority of the outstanding Common Stock represented in person or by proxy at the Annual Meeting. All of the directors and executive officers of the Company have advised the Company that they will vote their shares of Common Stock FOR the ratification of the appointment of Deloitte & Touche LLP as the Company's independent auditors for fiscal year 2004. If the holders of at least a majority of the outstanding Common Stock fail to ratify the appointment of Deloitte & Touche as the Company's independent auditors, the Audit Committee will consider such failure at a subsequent meeting of the Audit Committee and determine, in its discretion, what actions it should take, if any.

The Board of Directors shall fill vacancies on, and from time to time may remove or add members to, the Committee. The Committee shall act pursuant to a majority vote or unanimous written consent. The Board of Directors, in its sole discretion, may exercise any authority of the Committee under this Plan in lieu of the Committee's exercise thereof. Notwithstanding the foregoing, with respect to any Award that is not intended to satisfy the conditions of Rule 16b-3 under the Securities Exchange Act of 1934, as amended (the Exchange Act) or Section 162(m)(4)(C) of the Internal Revenue Code of 1986, as amended (the Code), the Committee may appoint one or more separate committees (any such committee, a Subcommittee) composed of one or more directors of the Company (who may but need not be members of the Committee) and may delegate to any such Subcommittee(s) the authority to grant Awards, as defined in Section 5.1 hereof, under the Plan to Eligible Persons, to determine all terms of such Awards, and/or to administer the Plan or any aspect of it. Any action by any such Subcommittee within the scope of such delegation shall be deemed for all purposes to have been taken by the Committee. The Committee may designate the Secretary of the Company or other Company employees to assist the Committee in the administration of the Plan, and may grant authority to such persons to execute agreements or other documents evidencing Awards made under this Plan or other documents entered into under this Plan on behalf of the Committee or the Company.

2.2 Powers of the Committee. Subject to the express provisions of this Plan, the Committee shall be authorized and empowered to do all things necessary or desirable, in its sole discretion, in connection with the administration of this Plan, including, without limitation, the following:

(a) to prescribe, amend and rescind rules and regulations relating to this Plan and to define terms not otherwise defined herein; provided that, unless the Committee shall specify otherwise, for purposes of this Plan (i) the term fair market value shall mean, as of any date, the closing price for a Share (as defined in Section 3.1) reported for the last trading day prior to such date by the NASDAQ Stock Market (or such other stock exchange or quotation system on which Shares are then listed or quoted) or, if no Shares are traded on the NASDAQ Stock Market (or such other stock exchange or quotation system) on the date in question, then for the next preceding date for which Shares traded on the NASDAQ Stock Market (or such other stock exchange or quotation system); and (ii) the term Company shall mean the Company and its Subsidiaries, unless the context otherwise requires;

(b) to determine which persons are Eligible Persons (as defined in Section 4), to which of such Eligible Persons, if any, Awards shall be granted hereunder and the timing of any such Awards, and to grant Awards;

(c) to grant Awards to Eligible Persons and determine the terms and conditions thereof, including the number of Shares subject to Awards and the exercise or purchase price of such Shares and the circumstances under which Awards become exercisable or vested or are forfeited or expire, which terms

may but need not be conditioned upon the passage of time, continued employment, the satisfaction of performance criteria, the occurrence of certain events (including events which the Board or the Committee determine constitute a change of control), or other factors;

(d) to establish, verify the extent of satisfaction of, adjust, reduce or waive any performance goals or other conditions applicable to the grant, issuance, exercisability, vesting and/or ability to retain any Award;

(e) to prescribe and amend the terms of the agreements or other documents evidencing Awards made under this Plan (which need not be identical);

(f) to determine whether, and the extent to which, adjustments are required pursuant to Section 10;

(g) to interpret and construe this Plan, any rules and regulations under this Plan and the terms and conditions of any Award granted hereunder, and to make exceptions to any such provisions in good faith and for the benefit of the Company; and

(h) to make all other determinations deemed necessary or advisable for the administration of this Plan.

2.3 Determinations of the Committee. All decisions, determinations and interpretations by the Committee regarding this Plan shall be final and binding on all Eligible Persons and Participants. The Committee shall consider such factors as it deems relevant to making such decisions, determinations and interpretations including, without limitation, the recommendations or advice of any director, officer or employee of the Company and such attorneys, consultants and accountants as it may select.

3.1 Aggregate Limits. The aggregate number of Shares available for issuance under this Plan and the number of Shares subject to outstanding Options or other Awards shall be subject to adjustment as provided in Section 10. The foregoing limitations of this Section 3.2 shall not apply to the extent that they are no longer required in order for compensation in connection with grants of Awards under this Plan to be treated as performance-based compensation under Code Section 162(m) and, if no longer required, a change in such limitation shall not be subject to stockholder approval as required under Section 13 hereof. The aggregate number of Shares that may be issued pursuant to the exercise of ISOs granted under this Plan shall not exceed 1,000,000 (provided that such Shares shall not include the 1996 Plan Shares), which number shall be calculated and adjusted pursuant to Section 3.3 and Section 10 only to the extent that such calculation or adjustment will not affect the status of any Option intended to qualify as an ISO under Code Section 422, or whether this Plan meets the requirements under Code Section 422(b)(1). For the avoidance of all doubt, the 1996 Plan Shares may not be issued pursuant to the exercise of ISOs granted under the Plan.

3.3 Issuance of Shares. For purposes of Section 3.1, the aggregate number of Shares issued under this Plan at any time shall equal only the number of Shares actually issued upon exercise or settlement of an Award and shall not include Shares subject to Awards that have been canceled, expired or forfeited or Shares subject to Awards that have been delivered (either actually or constructively by attestation) to or retained by the Company in payment or satisfaction of the purchase price or exercise price of an Award.

Notwithstanding anything in the Plan to the contrary, it is the intention of the Company and the Committee that all terms and provisions relating to Incentive Stock Options of this Plan shall be consistent with the requirements of Code Section 422 and the applicable regulations thereunder, as of the effective date of this plan, and to the extent any term or provision of this Plan relating to Incentive Stock Options is inconsistent with Code Section 422 and the applicable regulations thereunder at that date, the term or provision shall be read, interpreted or substituted so as to be consistent with the applicable provision of Code Section 422 or the regulations thereunder.

Section 19. Non-Exclusivity of Plan

Neither the adoption of this Plan by the Board nor the submission of this Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board or the Committee to adopt such other incentive arrangements as either may deem desirable, including without limitation, the granting of restricted stock or stock options otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

Section 20. Governing Law

This Plan and any agreements or other documents hereunder shall be interpreted and construed in accordance with the laws of the State of Nevada and applicable federal law. The Committee may provide that any dispute as to any Award shall be presented and determined in such forum as the Committee may specify, including through binding arbitration. Any reference in this Plan or in the agreement or other document evidencing any Award to a provision of law or to a rule or regulation shall be deemed to include any successor law, rule or regulation of similar effect or applicability.

Section 21. Miscellaneous Matters

21.1 *Annulment of Awards.* The grant of any Award under the Plan payable in cash is provisional until cash is paid in settlement thereof. The grant of any Award payable in Shares is provisional until the Participant becomes entitled to the certificates in settlement thereof. In the event the employment of a Participant is terminated for cause (as defined below), any Award which is provisional shall be annulled as of the date of such termination for cause. For the purpose of this Section 21.1, the term terminated for cause means any discharge for violation of the policies and procedures of the Company or any Subsidiary or for other job performance or conduct which is detrimental to the best interests of the Company or a Subsidiary.

21.2 *Securities Law Restrictions.* No Shares shall be issued under the Plan unless counsel for the Company shall be satisfied that such issuance will be in compliance with applicable Federal and state securities laws. Certificates for Shares delivered under the Plan may be subject to such stock-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Shares is then listed, and any applicable Federal or state securities law. The Committee may cause a legend or legends to be put on any such certificates to refer to those restrictions. Further, without limiting the foregoing, each person exercising an Option or Performance Shares or receiving Restricted Stock may be required by the Company to give a representation in writing that he or she is acquiring Shares for his or her own account for investment and not with a view to, or for sale in connection with, the distribution of any part thereof (regardless of whether such option and Shares covered by the Plan are registered under the Securities Act of 1933, as amended). As a condition of transfer of the certificate evidencing Shares, the Committee may obtain such other agreements or undertakings, if any, that it may deem necessary or appropriate to assume compliance with any provisions of

the Plan or any law or regulation. Certificates for Shares delivered under the Plan may be subject to such stock transfer orders and other restrictions as the Board may deem advisable under the rules, regulations, and other requirements of the Securities and Exchange Commission, any stock exchange upon which the Shares are then listed, and any applicable Federal or state securities laws. The Board may cause a legend or legends to be put on any such certificate to refer to those restrictions.

21.3 *Award Agreement.* Each Participant receiving an Award under the Plan shall enter into an Award Agreement with the Company in a form specified by the Committee agreeing to the terms and conditions of the Award and such related matters as the Committee, in its sole discretion, shall determine.

21.4 *Costs of Plan.* The costs and expenses of administering the Plan shall be borne by the Company.

21.5 *Tax Reimbursement Payments to Participants.* The Committee, pursuant to the terms of the agreements or other documents pursuant to which specific Awards are made under the 2003 Plan, may agree to reimburse Participants for some or all of the federal, state and local income taxes associated with the grant or exercise of an Award or the receipt of the cash or Shares from an Award, or the 20% excise tax on any excess parachute payments under Code Sections 280G and Code Section 4999, and may agree to reimburse such Participants for some or all the additional federal, state and local income tax associated with the payments made under this Section 21.5.

21.6 *Government Regulations.* The Plan and the granting and exercise of Options and Performance Shares hereunder, and the obligations of the Company to sell and deliver Shares under such Options and Performance Shares, shall be subject to all applicable laws, rules and regulations, and to such approvals by any governmental agencies or national securities exchanges as may be required.

21.7 *Interpretation.* If any provision of the Plan is held invalid for any reason, such holding shall not affect the remaining provisions of the Plan, but instead the Plan shall be construed and enforced as if such provisions had never been included in the Plan. Headings contained in the Plan are for convenience only and shall in no manner be construed as part of this Plan. Any reference to the masculine, feminine or neuter gender shall be a reference to such other gender as is appropriate.
