FORWARD LOOKING STATEMENTS

Certain information included in this presentation, including any information as to our future financial or operating performance and other statements that express management's expectations or estimates of future performance, constitute "forward-looking statements." The words "expect", "will", "intend", "estimate" and similar expressions identify forward-looking statements. Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by management are inherently subject to significant business, economic and competitive uncertainties and contingencies. The Company cautions the reader that such forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause the actual financial results, performance or achievements of Barrick to be materially different from the Company's estimated future results, performance or achievements expressed or implied by those forward-looking statements and the forward-looking statements are not guarantees of future performance. These risks, uncertainties and other factors include, but are not limited to: changes in the worldwide price of gold or certain other commodities (such as fuel and electricity) and currencies; ability to successfully integrate acquired assets; legislative, political or economic developments in the jurisdictions in which the Company carries on business; operating or technical difficulties in connection with mining or development activities; the speculative nature of gold exploration and development, including the risks of diminishing quantities or grades of reserves; and the risks involved in the exploration, development and mining business. These factors are discussed in greater detail in the Company's most recent Form 40-F/Annual Information Form on file with the US Securities and Exchange Commission and Canadian provincial securities regulatory authorities.

The Company disclaims any intention or obligation to update or revise any forward-looking statements whether as a result of new information, future events or otherwise.

ADDITIONAL DISCLOSURE

Barrick plans to file with the U.S. Securities and Exchange Commission a Registration Statement on Form F-8, which will include Barrick's offer and take-over bid circular. Investors and security holders are urged to read the offer and take-over bid circular, regarding the proposed business combination transaction referred to in the foregoing information, when these documents become available, because they will contain important information. Investors may

obtain a free copy of the offer and take-over bid circular when they become available and other documents filed by Barrick with the SEC at the SEC's website at www.sec.gov. The prospectus and these other documents may also be obtained for free, once they have been mailed, on Barrick's web site or by directing a request to Barrick's media or investor relations department.

n Financial strength to develop gold projects on a global scale without equity dilution

n Pro forma market capitalization of \$21.8 billion(5)

(1) Pro forma totals adjusted for assets to be sold to Goldcorp and assuming cash proceeds of \$0.2 billion from the exercise of in-the-money stock options

(2) Excludes writedowns on mining assets, equity in investees and cumulative effect of changes in accounting principles.

(3) Includes restricted cash held by Placer Dome of \$0.2 billion

(4) Net debt excludes the impact of temporary financing for the \$1.2 billion cash component, which will be repaid on closing of the sale of assets to Goldcorp

(5) Combined market capitalization of Barrick and Placer Dome based on October 28, 2005 closing prices

Barrick

Value Creation for Barrick Shareholders

The combined operations and projects can be
efficiently integrated into Barrick's existing Regional
Business Units

*

n

Strength, breadth and scale to capitalize on industry opportunities

n

Experience gained and track record in construction of eight major development projects in last ten years

n

Operations excellence as the lowest cost senior gold producer

n

World-class exploration team with successful track record

n

Combined technical excellence to improve operations, development projects and exploration targets

n

Ability to extract significant synergies through past experience and Regional Business Unit structure

Value Creation for Barrick Shareholders

Proven management capability to acquire, integrate and optimize value of combined assets

*

Value Creation for Barrick Shareholders

Annual estimated Barrick synergies of approximately
\$200 million expected from:

Operations

§

Optimize and share mining and processing infrastructure in
Nevada, Australia and Tanzania

§

Reduce energy costs and inventory levels through joint
infrastructure

§

Implement combined best practices at all locations

Exploration

§

Consolidate land position on most prospective belts

§

Prioritize exploration projects pipeline

Procurement

§

Generate savings from improved purchasing power

G&A

§

Eliminate duplication of offices and overheads in all regions

§

Shared business services

*

Value Creation for Barrick Shareholders

Finance and Tax

§

Realize jurisdictional tax synergies

§

Overall lower cost of capital

§

Debt optimization

Additional Capital Synergies

§

Transfer development teams, equipment, and knowledge
base through sequential development of project pipeline

§

Pipeline of projects allows in-house management of EPCM
contracts

Additional expected Goldcorp synergies of
approximately

\$30 - \$40 million per annum

*

Value Creation for Barrick Shareholders

Significant exploration opportunities

n

Substantial reserve and resource base in stable
geo-political regions

n

Dominant land position on the most prospective
ground in both companies' core districts (Nevada,
Frontera, Tanzania and Australia)

n

Combined exploration expertise will create stronger
team

n

Ability to expand exploration efforts in developing
regions

n

Enhanced R&D capabilities in exploration
technologies

Value Creation for Placer Dome Shareholders

n

Offer represents an approximate 27% premium to the average closing price over the past ten days

—

13% of the offer price in cash

n

Placer Dome shareholders will own 35% of the new Barrick on a fully diluted basis

—

Opportunity to receive a significant premium and participation in an enhanced gold equity

n

Increased scale and capability to maximize value of development projects and key exploration districts

*

Execution timing – no shareholder votes required
All-Canadian bid – no Investment Canada approval
Strong partner in Goldcorp results in additional
transaction synergies
Asset sales by Canadian bidder to Canadian
partner are tax efficient
Lower on-going tax rate for purchaser domiciled in Canada
Ability to manage and reduce hedge position effectively
Significant cash component in bid
The Barrick / Goldcorp Advantage
Benefits of Barrick and Goldcorp transaction
structure
