Forward-looking statements are statements that are not generally historical facts. Words such as “expect(s),” “feel(s),” “believe(s),” “will,” “may,” “anticipate(s),” “intend,” “estimate,” “project” and similar expressions (including the negative thereof) are intended to identify forward-looking statements, which generally are not historical in nature. These statements include, but are not limited to, statements regarding the merger between Anthem and Cigna; Anthem’s financing of the proposed transaction; the combined company’s expected future performance (including expected results of operations and financial guidance); the combined company’s future financial condition, operating results, strategy and plans; statements about regulatory and other approvals; synergies from the proposed transaction; the combined company’s expected debt-to-capital ratio and ability to retain investment grade ratings; the closing date for the proposed transaction; financial projections and estimates and their underlying assumptions; statements regarding plans, objectives and expectations with respect to future operations, products and services; and statements regarding future performance. These risks and uncertainties include: those discussed and identified in Anthem’s and Cigna’s public filings with the U.S. Securities and Exchange Commission (the “SEC”); those relating to the proposed transaction, as detailed from time to time in Anthem’s and Cigna’s filings with the SEC; increased government participation in, or regulation or taxation of health benefits and managed care operations, including, but not limited to, the impact of the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010, or Health Care Reform; trends in health care costs and utilization rates; our ability to secure sufficient premium rates including regulatory approval for and implementation of such rates; our participation in the federal and state health insurance exchanges under Health Care Reform, which have experienced and continue to experience challenges due to implementation of initial and phased-in provisions of Health Care Reform, and which entail uncertainties associated with the mix and volume of business, particularly in Individual and Small Group markets, that could negatively impact the adequacy of our premium rates and which may not be

sufficiently offset
by the risk apportionment provisions of Health Care Reform; our ability to contract with providers consistent with past
practice;
competitor pricing below market trends of increasing costs; reduced enrollment, as well as a negative change in our
health care
product mix; risks and uncertainties regarding Medicare and Medicaid programs, including those related to
non-compliance with
the complex regulations imposed thereon and funding risks with respect to revenue received from participation
therein; our
projected consolidated revenue growth and global medical customer growth; a downgrade in our financial strength
ratings;
litigation and investigations targeted at our industry and our ability to resolve litigation and investigations within

Important factors that could cause actual results and other future events to differ materially from the forward-looking statements made in this communication are set forth in other reports or documents that Anthem and/or Cigna may file from time to time with the SEC, and include, but are not limited to: (i) the ultimate outcome of the proposed transaction, including the ability to achieve the synergies and value creation contemplated by the proposed transaction, (ii) the ultimate outcome and results of integrating the operations of Anthem and Cigna, (iii) disruption from the merger making it more difficult to maintain businesses and operational relationships, (iv) the risk that unexpected costs will be incurred in connection with the proposed transaction, (v) the timing to consummate the proposed transaction, (vi) the possibility that the proposed transaction does not close, including, but not limited to, due to the failure to satisfy the closing conditions, including the receipt of required regulatory approvals and the receipt of approval of both Anthem's and Cigna's shareholders and stockholders, respectively, and (viii) the risks and uncertainties detailed by Cigna with respect to its business as described in its reports and documents filed with
