PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD DECEMBER 22, 2003

GENERAL INFORMATION

The enclosed Proxy is solicited by and on behalf of the Board of Directors of Alanco Technologies, Inc., an Arizona corporation (the "Company"), for use at the Company's Annual Meeting of Shareholders to be held at 15575 North 83rd Way, Suite 3, Scottsdale, Arizona 85260, on the 22nd day of December, 2003, at 10:00 a.m., Mountain Standard Time, and at any adjournment or postponement thereof. It is anticipated that this Proxy Statement and the accompanying Proxy will be mailed to the Company's shareholders on or before November 21, 2003.

The expense of soliciting proxies, including the cost of preparing, assembling and mailing this proxy material to shareholders, will be borne by the Company. It is anticipated that solicitations of proxies for the Meeting will be made only by use of the mails; however, the Company may use the services of its Directors, Officers and employees to solicit proxies personally or by telephone without additional salary or compensation to them. Brokerage houses, custodians, nominees and fiduciaries will be requested to forward the proxy soliciting materials to the beneficial owners of the Company's shares held of record by such persons, and the Company will reimburse such persons for their reasonable out-of-pocket expenses incurred by them in that connection.

Shares not voting as a result of a proxy not marked or marked to abstain will be counted as part of total shares voting in order to determine whether or not a quorum has been achieved at the Meeting. Shares registered in the name of a broker-dealer or similar institution for beneficial owners to whom the broker-dealer distributed notice of the Annual Meeting and proxy information and which such beneficial owners have not returned proxies or otherwise instructed the broker-dealer as to voting of their shares, will be counted as part of the total shares voting in order to determine whether or not a quorum has been achieved at the Meeting.

All shares represented by valid proxies will be voted in accordance therewith at the Meeting unless such proxies have previously been revoked. Proxies may be revoked at any time prior to the time they are voted by: (a) delivering to the Secretary of the Company a written instrument of revocation bearing a date later than the date of the proxy; or (b) duly executing and delivering to the Secretary a subsequent proxy relating to the same shares; or (c) attending the meeting and voting your proxy in person (although attendance at the Meeting will not in and of itself constitute revocation of a proxy.)

The Company's Annual Report to Shareholders for the fiscal year ended June 30, 2003, has been previously mailed or is being mailed simultaneously to the Company's shareholders, but does not constitute part of these proxy soliciting materials.

SHARES OUTSTANDING AND VOTING RIGHTS

Voting rights are vested in the holders of the Company's Common Stock and Preferred Stock. Only shareholders of record at the close of business on October 27, 2003 are entitled to notice of and to vote at the Meeting or any adjournment or postponement thereof. As of October 27, 2003, the Company had 15,261,900 shares of Class A Common Stock outstanding, no shares of Class B Common Stock outstanding, 2,509,426 shares of Series A Convertible Preferred Stock outstanding and 57,255 shares of Series B Convertible Preferred Stock outstanding. Edgar Filing: ALANCO TECHNOLOGIES INC - Form DEF 14A

Convertible Preferred share is entitled to three votes (the equivalent number of common shares into which the Series A Convertible Preferred Stock is convertible), and each Series B Convertible Preferred share is entitled to thirteen votes (the equivalent number of common shares into which the Series B Convertible Preferred Stock is convertible). If the number of common shares into which the preferred stock is convertible (the "common stock equivalent") is considered, the total shares eligible to vote, including the common stock and the common stock equivalent, on the record date are 23,534,493 shares, each of

which is entitled to one vote on all matters to be voted upon at the Meeting, including the election of Directors. No fractional shares are presently outstanding. A majority of the Company's outstanding voting stock represented in person or by proxy shall constitute a quorum at the Meeting. The affirmative vote of a majority of the votes cast, providing a quorum is present, is necessary to approve each proposal.

Each shareholder present, either in person or by proxy, will have cumulative voting rights with respect to the election of Directors. Under cumulative voting, each shareholder is entitled to as many votes as is equal to the number of shares of Common Stock (or common stock equivalent) of the Company held by the shareholder on the Record Date multiplied by the number of directors to be elected, and such votes may be cast for any single nominee or divided among two or more nominees. The seven nominees, or such fewer number of nominees as may stand for election, receiving the highest number of votes will be elected to the Board of Directors. There are no conditions precedent to the exercise of cumulative voting rights. Unless otherwise instructed in any proxy, the persons named in the form of proxy which accompanies this Proxy Statement (the "Proxy Holders") will vote the proxies received by them for the Company's seven nominees set forth in "Election of Directors" below. If additional persons are nominated for election as directors, the Proxy Holders intend, unless otherwise instructed in any proxy, to vote all proxies received by them in such manner in accordance with cumulative voting as will assure the election of as many of the Company's nominees as possible, and, in such event, the specific nominees for whom votes will be cast will be determined by the Proxy Holders. If authority to vote for any nominee of the Company is withheld in any proxy, the Proxy Holders intend, unless otherwise instructed in such proxy, to vote the shares represented by such proxy, in their discretion, cumulatively for one or more of the other nominees of the Company.

AUDIT COMMITTEE REPORT (1)

The Audit Committee of the Board of Directors is currently comprised of three independent directors, and operates under a written charter adopted by the Board. The members of the Audit Committee are Harold S. Carpenter, James T. Hecker, and Thomas C. LaVoy.

The Audit Committee provides general oversight of the Company's financial reporting and disclosure practices, system of internal controls, and the Company's processes for monitoring compliance by the Company with Company policies. The Audit Committee reviews with the Company's independent auditors the scope of the audit for the year, the results of the audit when completed, and the independent auditor's fee for services performed. The Audit Committee also recommends independent auditors to the Board of Directors and reviews with management various matters related to its internal accounting controls. During the last fiscal year, there were four meetings of the Audit Committee.

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Audit Committee is responsible for overseeing and monitoring the quality of the Company's accounting and auditing practices.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and may not be experts in the fields of accounting or auditing, or in determining auditor independence. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with accounting principles generally accepted in the United States of America or that the Company's auditors are in fact "independent."

Review of Audited Financial Statements

Edgar Filing: ALANCO TECHNOLOGIES INC - Form DEF 14A

In this context, the Audit Committee reviewed and discussed the Company's audited financial statements with management and with the Company's independent auditors. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. Discussions about the Company's audited financial statements included the auditor's judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in its financial statements. The Audit Committee also discussed with the auditors other matters required by Statement on Auditing Standards, ("SAS") No. 61 "Communication with Audit Committees," as amended by SAS No. 90, "Audit Committee Communications."

The Company's auditors provided to the Committee written disclosures required by the Independence Standards Board Standard No. 1 "Independence Discussion with Audit Committee." The Audit Committee discussed with the auditors their independence from the Company, and considered the compatibility of non-audit services with the auditor's independence.

Audit Fees

The aggregate fees billed by Semple & Cooper, LLP, the Company's independent auditor, for professional services rendered for the audit of the Company's annual financial statements for the fiscal year ended June 30, 2003 and the review of the financial statements included in the Company's Forms 10-QSB for such fiscal year were approximately \$79,000.

Financial Information Systems Design and Implementation

There were no fees billed for the professional services described in Paragraph (c)(4)(ii) of Rule 2-01 of Regulation S-X rendered by Semple & Cooper, LLP for the fiscal year ended June 30, 2003.

All Other Fees

Semple & Cooper, LLP billed the Company during the current fiscal year a total of approximately \$9,000 for tax preparation and tax consulting services. The Audit Committee has considered whether the provision of these services is compatible with maintaining the principal accountant's independence.

Recommendation

Based on the Audit Committee's discussion with management and the auditors, and the Audit Committee's review of the representations of management and the report of the auditors to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended June 30, 2003, filed with the Securities and Exchange Commission.

Proposal No. 2 APPROVAL OF A PROPOSAL TO AUTHORIZE THE BOARD OF DIRECTORS, ONLY IF NECESSARY, TO REVERSE SPLIT THE COMPANY'S OUTSTANDING CLASS A COMMON STOCK ON THE BASIS OF ONE SHARE OF CLASS A COMMON STOCK FOR UP TO TEN SHARES OUTSTANDING. IF THE BOARD OF DIRECTORS HAS NOT EFFECTED THE ACTION CONTEMPLATED HEREUNDER BY DECEMBER 31, 2006, THIS AUTHORIZATION WILL CEASE.

The Board of Directors has recommended a proposal to the Company's Shareholders authorizing the Board of Directors to reverse split the Company's Class A Common Stock if Management determines that a reverse split would be necessary to keep the Common Stock eligible to be quoted on The NASDAQ Stock Market ("NASDAQ"). The effective date and the precise number of shares to be converted is to be determined by the Company's Board of Directors at a later time, but under no circumstances would the reverse stock split be greater than 1 for 10. (This is a similar proposal that the Shareholders approved at the Shareholder Meeting of November 6, 1998, at the Shareholder Meeting of November 5, 1999, at the Shareholder Meeting of November 10, 2000, and at the Shareholder Meeting of November 22, 2002. Authorization under those proposals extended to October 31, 1999, October 31, 2000, October 31, 2002, and December 31, 2005, respectively, and has not been used. The Board of Directors believes the continuation of that proposal through December 31, 2006, is prudent for the reasons explained below.)

The Board is requesting Shareholder authorization to reverse split the Company's outstanding Class A Common Stock on the basis of one share of Class A Common Stock for up to ten shares outstanding, only if necessary, in order to keep the Common Stock eligible to be quoted on The NASDAQ Stock Market ("NASDAQ"). With an objective to maintain the NASDAQ \$1.00 minimum bid price for at least 10 trading days, the Board of Directors will take into consideration the immediate impact of a reverse stock split on the stock price as well as price fluctuations caused by current market conditions when determining the final reverse stock split ratio. Approval of this proposal would authorize the Board to reverse split the Company's Class A Common Stock from the time of approval until December 31, 2006. The Board of Directors desires not to effect a reverse stock split but believes that retaining the Company's listing on NASDAQ is crucial to Shareholder value and liquidity and the Company's long-term business prospects. This proposed reverse stock split is not the first part of a Rule 13e-3 Going Private Transaction as defined in paragraph (a)(3)(i) of that regulation, as the reverse stock split proposal is solely for the purpose of maintaining the Company's listing on the NASDAQ SmallCap market.

As of the date of this Proxy Statement, the Company had received notice from NASDAQ that the Company's stock price does not meet the NASDAQ listing eligibility requirement of a minimum closing bid price of \$1.00. However, NASDAQ has determined that the Company does meet the initial listing requirements for the NASDAQ SmallCap Market and has given the Company an extension to meet the closing bid price requirement. On September 25, 2003, NASDAQ submitted an amended proposal to the SEC to provide additional extensions for companies failing to meet NASDAQ's minimum \$1.00 bid price requirement. If the NASDAQ proposal is approved by the SEC as submitted, the Company could be granted an

Edgar Filing: ALANCO TECHNOLOGIES INC - Form DEF 14A

additional extension up to February, 2004 to take the appropriate actions necessary to meet the bid price requirement.

It is recommended that the shareholders give authorization until December 31, 2006, to the Board of Directors to effect up to a 1 for 10 reverse stock split of the Company's Class A Common Stock. Assuming that a reverse stock split would cause the trading price of the Company's Common Stock to increase in the same proportion as the amount of the split, a reverse stock split would result in a proportionate increase in the quoted bid price of the Common Stock, thereby exceeding NASDAQ's minimum bid price of \$1.00.

12

For example, if the Board of Directors elects to effect a 1 for 3 reverse stock split, each three issued shares of the Company's Class A Common Stock held on the effective date will automatically be converted into one share of Class A Common Stock. The reverse stock split conversion ratio would also have a proportionate effect on any outstanding Preferred Stock, Options and Warrants. No fractional shares will be issued. Fractional shares created by the reverse stock split will be rounded down to the next whole number. The accumulation of the fractional shares created by the reverse stock split will be accounted for as acquired treasury shares and immediately cancelled pursuant to Arizona law. NO CASH WILL BE PAID FOR FRACTIONAL SHARES.

EFFECT OF REVERSE SPLIT ON HOLDERS OF ODD LOTS OF SHARES

If the maximum 1 for 10 reverse split is authorized and declared, the reverse split would result in holders of fewer than 1,000 shares holding an "odd lot" or less than 100 shares. A securities transaction of 100 or more shares is a "round lot" transaction of shares for securities trading purposes and a transaction of less than 100 shares is an "odd lot" transaction. Round lot transactions are the standard size requirements for securities transactions and odd lot transactions may result in higher transaction costs to the odd lot seller.

EFFECT OF REVERSE SPLIT ON NUMBER OF SHARES OUTSTANDING

The following table sets forth the number of Alanco Common Stock Equivalent shares outstanding after each potential reverse stock split ranging from a 1 for 2 split to a 1 for 10 split, based on 23,534,493 Common Stock Equivalent shares outstanding as of October 27, 2003. The Common Stock Equivalent includes the number of Class A Common Shares plus the number of common shares into which the Series A and Series B Convertible Preferred Stock is convertible, the Series A Convertible Preferred Stock being convertible into three shares of Common Stock and the Series B Convertible Preferred Stock being convertible into thirteen shares of Common Stock. The numbers shown below do not take into account the effect of rounding down of fractional shares resulting from the potential reverse stock split. As discussed above, the fractional shares created by the reverse stock split will be converted into treasury shares and immediately cancelled, thereby reducing the total number of shares outstanding from the values shown below.

Potential Reverse Stock Split	Post-Split Common Stock Equivalent Shares Outstanding
--	---

Edgar Filing: ALANCO TECHNOLOGIES INC - Form DEF 14A

1 for 2	11,767,247
1 for 3	7,844,831
1 for 4	5,883,623
1 for 5	4,706,899
1 for 6	3,922,416
1 for 7	3,362,070
1 for 8	2,941,812
1 for 9	2,614,944
1 for 10	2,353,449

The actual reverse stock split ratio shall be determined by the Board of Directors of the Company based upon the Company's estimation of the post-split trading bid price and the probability of the bid price maintaining the \$1.00 minimum for 10 consecutive trading days under various market conditions.

As of the date of this Proxy Statement, the Company has approximately 1,820 shareholders of record (does not include shareholders holding shares in street name). Depending on the final reverse stock split ratio that may be effected, the post-split shareholder of record count would range from approximately 1,515 shareholders of record if a 1 for 2 reverse stock split were effected to approximately 845 shareholders of record if a 1 for 10 reverse stock split were effected.
